# From your BTW Headquarters

---

To All Members

We are back home again getting this issue out to the printer and then we are hoping to head for the Washington State Trike-In. The financials for 2013 are completed and we have made wonderful improvements in the operations to date. The membership has grown by more than 500 since the first of this year and sales of the BTW products has been gaining ground steadily. The web site is improving daily and it is being used by more and more members. I would like to thank those of you who have emailed us pointing out things that are not right or are missing. This helps us get them reported to the programmers so they can be corrected. The site is now iPhone and iPad formatted for those of you who use them to access the web site. Anybody having trouble getting on the new web site or posting on it, Please call HQ and let us help, so you can use all the services it offers. Many of the Chapters & States holding events have donated part of the donation funds back to BTW to help defray the original shortfall and it has reduced it by half to date. If this trend continues for the remainder of the year I believe we will eliminate this problem totally by year end. The Board is meeting regularly and making plans to improve our Association in the future. All Directors must communicate your needs and information so the Board knows what you require. Now for the fun stuff. We made it to the Central States National Trike-In and had a wonderful time visiting with everyone and want to thank all those responsible for putting on one of the best events I have ever attended. This is what all events should be like. Everyone getting involved and sharing. It was great. Thank

you all. For those of you that saw just how crazy I am, Sorry. I do like to ride and AR has some great rides, even in the rain. Then we made it to Colorado Trike In and again had a great time with old and new friends. This could become a wonderful habit. I would like to make mention of our Brothers and sisters in France, who have just held their first event and what an event it was, check it out in "around the World" section, I salute them, what a start. The office systems are starting to work right and we now have a part time employee "Becky" who works a few hours per week, answering phones and posting. So if you call and you don't recognize the voice, that's her. Again I would like to thank all the Directors that work so hard to make me look good and to those that don't come on I need the help. We hope to see all of you at some point and until we do enjoy your triking and ride safe.

A handwritten signature in black ink, appearing to be 'Aly'.

**NOTICE:**  
The Financial Statement for 2013 is currently available for any member, simply e-mail HQ and request a copy.

**The Front Cover Photo** is of the Central States National Trike-In held in Eureka Springs AR. and attended by BTW members from all over the country, photo taken by Wayne Basile of Art & Soul Photography. For copies of this photo or many others of the event call him at 479-244-5919

# Member Rides

Hi There.  
Attached is a pic of my sweetie Brenda and me showing off the 1st place trophy we took in Trike class at the Pig Trail Harley Custom Bike Show, Rogers, AR. It is an '09 Boom Lowrider Muscle with the 1.6L Ford 4cyl and 4spd trans. I picked her up on Mothers Day weekend in West Palm Beach, Florida and rode her home in 2 days (1300mi). It is a BLAST to ride. We are new members of BTW Thanks... Jim Gillig (Welcome To BTW)

Dick & Fay Luhmann of BTW Ozark Road Hogs, with their VW automatic trike they built together. Dick & Fay have been BTW members for many years. Larry Freeman is in the back round

Wade and Lisa Crabtree's trike from OK.

This Awesome Trike belongs to Bruce & Debra Richardson AR.

"Frank and Liz Abbott. Two of California's newest members with their new trike".

**News:** Well folks its hot summertime in the south. Great time to be riding and we have had some great rides. In May we had our annual family days and as always it was a wonderful time. We so love putting on this special day for all our family and friends. This is a good time to enjoy our children also we always have plenty of fun and food. We all want to thank the city of Creola for the use of their park, it is such a great place for triking. The kids all love to take turns riding on the trikes, this is one of the big hits of family day. We would love to share our wonderful time with any of you trikers out there, if you are going to be in our part of the woods next May lets us know we would love for you to join us. We are asking for more prayers for Yogie, he is still mending and can always use more prayers. Hope you all have a great summer and again should you be down our way contact us and let's see if we can get a ride together.

## ARIZONA - State

**Director:** Gary "Shorty" Hicks, Mesa, 480-994-4051, [theleperchaun62@yahoo.com](mailto:theleperchaun62@yahoo.com)

**News:** Hope everyone had a happy 4 of July and nice summer and good riding. I had a great weekend in SAN DIEGO and nice & cool. I took the trike over to ride but the tails lights blew out so didn't ride but did manage to meet up with some CHULA VISTA chapter members and had dinner at the Sizzler THANKS FOR A GREAT TIME. The High Country Chapter is putting a run in Payson Az. Look for their flyer in Triker magazine. We're still looking for Chapter Directors for Central Az. Dust Devil & Chiricahua Chapters. **Meetings:** Contact Anne Adams trikeranne@aol.com or 520-743-1500 for details.

**News:** The Renegades spent a nice cool day picnicking at Madera Canyon. We had a nice turnout, good food and friends. Another event was the crab boil, put on by the Loner's Motorcycle club. Those events were in May while the temperatures were not in the triple digits yet.

## ARIZONA - High Country Area

**Meetings:** Meetings second Sunday of each month, Location varies, contact director for info.

**News:** The weather in High Country is changing. We now have the summer rains. They can be a drizzle or a downpour. Either way, we gear up and ride. Four of our members went on a 2000 mile trip into Utah, across Hwy 50 in northern Nevada (the loneliest highway in the world), over to Lake Tahoe & south through Nevada back to the High Country. What a trip they had. Our next group ride will be in August for what we call the Rim to Rim ride. It is a ride from the Prescott area to the South Rim of the Grand Canyon and then on to the North Rim the next day. We go from 5000 feet elevation to 8000 feet in three days with spectacular scenery the entire trip. The High Country Blowout in Payson, Arizona is good to go. We are only waiting for September to get here. Reservations are coming in. Check out the information in the Triker magazine or e-mail me for more details. This is our second year at this location. The accommodations and venue are just great. Look forward to seeing everyone there. Ride often and ride safe. Rackem

**ARKANSAS - State**

**Director:** Jim Anderson, 501-388-1680, [jajustlazy@gmail.com](mailto:jajustlazy@gmail.com)

**News:** WOW- the CSTR was a rousing success. I cannot thank the members of the BTW enough for their attendance. Without their support this event would not have made it off the runway. Due to their deep pockets and hearts, we were able to donate a lot of money to various charities. A large portion went back to the BTW to support our organization. We also donated to the Echo Free Health Clinic and the Turpentine Creek Wildlife Refuge. I want to thank Alex, Fred & Jan for their help in the dunkin booth. Alex found a new girlfriend, but I don't think Lynne was concerned too much. Hope someone puts the pic in the magazine. If you ordered t-shirts or patches at the rally and have not received them, please contact me and I will get them to you. Thank you again from the bottom of my heart, you are truly fabulous people.

**ARKANSAS - Freedom Riders**

**Director:** Bobby (Thunder) Espy, Harrison, 870-656-4688, or email Cat at [cbroecks@hotmail.com](mailto:cbroecks@hotmail.com)

**Meetings:** The first Monday of each month. Call Bobby for details 870-656-4688 or Cat at 870-715-9507.

**News:** We're all glad to be riding and enjoying the wind in our face. The Crawdad Days gun winner was Ricky Moore "Open Throttle". Bobby shared on how we found out who had won. Ricky's never won anything before, since the ticket only had his first name and phone number we didn't know who it was until Christy answered the phone and said hey honey when Bobby called. It made us all smile and laugh and a lucky winner on the other end of the line. Our BTW highway signs are up for Adopt-A-Highway. At the next meeting we'll decide on a gun for the Hot Springs Rally (Sept. 4th thru 6th) that will benefit the Wounded Warriors Project and the chapter. Members were asked if they'd be open to a prayer for safe travel before our rides. Melissa was nominated with a motion by Justin and second by Bobby. Thank you Melissa! The David Harp Ride and Pig Roast Bike Show in Jasper had three members and one guest getting trophies. The Mt. Magazine ride on Saturday, June 14<sup>th</sup> was great! **Meetings:** Every May and October at the State Trike-In or any special called meeting, as required, following BTW Bylaws.

**News:** We have not been doing too much riding these last few months. My trike is down for a new motor and we are still working the bugs out of Frank's trike, and I have not felt all that well. Things are looking up now and I am getting back to what needs to be done. I did get to the Board Meeting for Madera Board of Education and gave them our check for \$1,000.00 for our charity 'Life Games' for handicapped children. What a great feeling that was. I was told that the kids were still talking about our visit. The dates for this year's Fall Trike-In will be October 17, 18, & 19. We are trying to figure out a day ride for Friday. There will be someone there on Thursday for those who want to come in early. Check the flyer in this issue of the Triker Magazine. I hope to see you all there. Well, that's about all for now, so see you at the Trike-In or maybe on the road somewhere. **Meetings:** Second Saturday 9AM at Yosemite Falls Rest - Fresno.

**News:** Margaret reports I hope everyone is having a wonderful summer and enjoying some great rides! Our chapter members are enjoying some fun rides before the heavy summer heat hits the valley! Nine trikes headed to Cedar Grove in Kings Canyon National Park and enjoyed the cool clean air! We also had a fun ride to Shaver Lake and of course had lunch while out! Hume Lake was the site of another terrific lunch up in the hills! Hmmm- sounds like we love to ride trikes and eating!! Our Road Captains are already charting out some special rides for Oct. California Trike-In at Madera! Here's a hint- Exact center of California! The route will be the fun part, you all will have to join us at Trike-In for the ride! Only one trike went to Seligman Trike Run and they said they had a good time. Due to lots

of smoke from Sedona, they were unable to do some rides they had planned to do. I want to thank Myra for all her help in the past with organizing the trike parade entries! She has stepped down due to work schedule but will attend whenever possible. Bill and Connie will be taking over organizing the November Veterans Parade trike entries and attending all meetings for parade planning. Thanks a lot guys for stepping up and taking this on. We are honored to ride with our triker veterans in the 2nd largest Veterans Parade in USA!! We want to welcome Les and Jerri as new members in our chapter! If you like trikes, are building one or just would like to have a meal with people who do, join us on 2nd Saturday each month at Yosemite Falls Rest - Fresno! Stay Cool, Ride Safe, and Always, Always take time to smell the flowers!

**Meetings:** 1<sup>st</sup> Saturday 9:00 am, Lorene's Restaurant, 1531 23rd Street in Bakersfield. Call Jim for information.

**News:** Ann reports: Well Madera was great. We all had a great time. Well, after talking about it for over six years, Jim, Gary and Shawn finely made it to Seligman. Also, they made a ride over to the Grand Canyon, which they had never done before. It was worth the six year wait. Shawn blew the engine on the ride up to Madera, but they got it up in time for this ride. We have two new members, Smiley & Louise Contreras, welcome aboard. Shawn & Smiley both celebrated birthdays this month. Also Jamiee & Shawn celebrate their wedding anniversary - 16 years, this month. On August 8th Jim Long will celebrate his birthday, "THE BIG 70". Looking forward to the fall Trike-In, till then, Ride Free on Three

Assistant Director: Reggie Joaquin, Roseville, 916-505-9907 [Reginald.joaquin@yahoo.com](mailto:Reginald.joaquin@yahoo.com)

**Meetings:** The 3rd Saturday of the month. Call the Director for more info.

**News:** Becky reports: **05/01-04/2014:** A group of River City Trikers (RCT) attended the Western National Trike-In, Madera, CA. The list of folks that took part in the event is as follows: Ms. Pete & Dave, Jim & Debbie, Reggie, Marie, Ron, Stephen, Becky and C. A. & Bernie. During one of our RCT "group discussions", we came up with an idea — During the coming months, each member would plan/sponsor at least "one ride a month", take photos and provide a short "write-up", detailing the ride. This would become part of our RCT Group's submittal to the "TRIKER" magazine. All in all, Madera was once again, an outstanding event; with enjoyable riding in the Gold Country!!! **05/17/2014:** Our new members, C.A. & Bernie, invited the rest of the RCT Group to join them and ride over to Lincoln, CA, to attend the Freedom Rides Trike Conversions group's annual "Thank You Ride and Taco Lunch". There were at least 40 trikes at the event. They were really a great group of folks. We passed out a lot of BTW Info/Brochures; with hopes of getting some

new members. Reggie, Stephen, Ms. Pete & Dave, Jim & Debbie, Becky and C.A. decided to continue our ride up to Iowa Hill. It was the first time for Dave, C.A., Jim, Debbie and Stephen. We returned home through Auburn, with a stop in Loomis for milkshakes. Life is Good on Three! **06-01-2014:** Thanks to "CA & Bernie" (our newest members); we had a wonderful ride up to the Honey Run Covered Bridge in the Butte River Canyon, which is located just outside of Chico. We met CA & Bernie in Lincoln and continued on to Oroville. There, we met with a group of the Northeast Wind Riders; then the "combined" group continued on to Butte River Canyon. We had a pancake breakfast right on the covered bridge. This is an annual event to raise money to maintain the old covered bridge. There are several other activities going on in the area, i.e., 49er Fair, with arts and crafts, "home-made" jelly & jams, etc. After breakfast, we went to a friend of CA's home, which overlooks the river. We were able to watch 3 foot salmon jumping in the river. It was very peaceful and beautiful. We continued to the Butte River Canyon's museum and an "ole time" one room schoolhouse. We finished the day with a lunch at the Sierra Nevada Brewery. Food was very good and moderately priced. **06-14-2014:** We had our first "Evening Ride". A week or so ago, a few of the RCT members discussed having an evening ride on the second Saturday of every month

to establish another activity in which our members could participate. The "Evening Rides" will begin at Antelope Road Self Storage, in Sacramento, CA, at 5:00 pm. On this particular ride, several of our members rode up to Taylor's in Loomis for milkshakes; then continued up to "Rattlesnake Bar" near the upper end of Folsom Lake. It was a "cool and comfortable" ride!! **06-22-2014:** Marie Charlton's "Ride To Mosquito, CA" As we are taking turns on a monthly basis planning the group's ride, it was my turn. I decided to go back to Mosquito, CA, going across the "suspension bridge". The following joined me on this ride: "Aunt" Becky, "Uncle" Reggie, Anita, Ron, Ms. Pete & Dave, Jim & Debbie, LuLu & Chuck. We met, as a group, in Rancho Cordova. We rode through Rescue, Coloma, Auburn, continuing over the one-lane "wooden" suspension bridge into the town of Mosquito. We had lunch at Finnon Lake. We then headed home, but detoured through Georgetown and Loomis, where we had "milkshakes & cones" at Taylor's. In general, the day was a little warm, but not too bad. We enjoyed nice scenery and lots of curves & switchbacks. It was very enjoyable and a lot of fun. All the trikes were in good shape. We had one small problem with Ron's clutch-peddle coming forward - easy fix. Looking forward to seeing what everyone else comes up with. Really wish "Momma" Donna could have gone with us. Regretfully, she has to work on weekends. Hope everyone is enjoying being "Free On Three" !!! **Future Plans:** As a reminder, Donna Bennett is planning for our next "Monthly Ride" to be on July 4th, and will be a tribute ride to her late husband, Bob Bennett. We will be going up to Iowa Hill, which was one of his favorite rides. All of our fellow trikers are welcome to join us for this ride. Our next monthly "Evening Ride" will be July 14<sup>th</sup>

**Assist. Director:** Ron Runkle 712-260-0622

**Meeting:** Last Sun of Month

**News:** The Blackhawk Lake Trike-In went off very well, even with the lower attendance due to the recent weeks of violent storms with heavy rains and flooding and a weekend forecast of more storms. Saturday turned out sunny and warm for a ride over to the Odebolt "Creek Days" parade. Everyone enjoyed riding in the parade and tossing candy to the kids, and the people enjoyed us. We have already been asked to return next year. With great food and good company and stories around the campfires, it was a relaxing weekend. We even had a good laugh when Ted crashed his "scooter" while racing against his wife on a downhill run and sported band-aids on both knees for two days. It was even funnier when George had a mishap and put his trike in the weeds on the edge of the lake. Souixland Trikers Assist Dir. Keith Swanson even took time off from storm cleanup and joined us for a while. We Tripods are looking forward to repaying the help and good times with the Heartland Trikers when they host the Iowa State Trike – In at Holmdahl Park in Kellogg, IA in August. The coffee pot is still on, stop by.

**News:** Wayne Eck, KS State Director submits that riding season is in full swing here in Kansas. We had a good showing of KS trikers, 19, making the trip to Eureka Springs,

Arkansas where we found a warm welcome waiting for us. It was a good time and looks like Kentucky has volunteered to host the rally in 2015. Can't wait to again see some new country! 4-Corners Trike-In put on by the SEKS Chapter was as usual fun with some great triking and great hosts. The weather was a little iffy on Saturday afternoon but with a nice covered arena we were able to carry on! Wonderful facility for the event. By the time you read this ECKS Chapter will have had their annual picnic at Wellsville, KS which is also a fun time of getting together with area trikers. They host a great meal and also will be providing it in an air conditioned building which will be much appreciated by all the members to have a cool down place! I know this year with their director hobbling about in a boot it will be a challenge but know they will be up to it!! OPT will be hosting their annual Trike-About August 8-10. They are working on plans now and hope that some of you can come and join them as they show you about their part of the state. Every year Saturday is packed full of fun on the trikes as they take you about the South Central KS area. Last year they went West this year they plan to go South. Come see what they have come up with to see and do!! Plans for the KS State Trike-In, September 12-14, 2014 at Camp Alexander, Emporia KS are well underway. Our Trike Show will coincide with Emporia's downtown Merchant Event and we will be downtown for the show again. If you have a BTW calendar

**News:** We just want to start by reminding all of our BTW brothers and sisters that we continue to meet at Burger King at 11:00 am every Monday with the exception of the first Monday. We reserve that Monday to take a ride to a nearby town and try out the local cuisine. We have also begun having our meeting on the second Monday of each month right after our socializing at Burger King, so please come and join us. We also recently concluded our seventh annual picnic in July and although we did not have as many register with us this year as we have had in the past, we still believe that it was a huge success. We had 62 sign in with us along with over 20 trikes, 2 motorcycles and 2 parade cars in attendance. We enjoyed a wonderful meal of hamburgers, hotdogs, and brats that Jay grilled along with many wonderful sides and desserts that were provided by our members. We followed our meal with a nice and pleasant ride through the countryside and ended the day by giving out some awards. This years winners were; Farthest traveled was won by Judith Seely who traveled 320 miles, the fun run and 50/50 winner was won by Rosie Peak (lucky dog) and the door prize was won by Bud Peek. As far as the people's choice trophy presentation went; Jay Kimes won in the motorcycle category, Mike & Judy Sims won in the conversion trike category, and Julia Privett won in the homemade trike category. Congratulations to all of this years winners. On a personal note, I would like to take this opportunity to thank all the members of our chapter for all their help in assisting in another spectacular picnic this year. We are looking forward to the upcoming events in Wichita and Emporia in the near future and hope that their events are as successful as our picnic was. We are looking forward to our upcoming rides and events and hope to see y'all in the very near future. John & Julia

**Meeting:** Last Sunday of the month. Our meeting times and places move around so check our website for up to date activities at [opt-btw.org](http://opt-btw.org) or Contact Ch. Dir. Jerry Dunn 316-554-4339 or Activity Director Linda Dunn 316-734-9244.

**News:** Jerry Dunn, Chapter Director sends: Our chapter has been very busy since we last checked in. Two trike-ins in June kicked our summer events calendar into high gear. The first one was Eureka Springs, AR, for the Central States Trike Rally. With plenty of planned activities, an open BTW meeting with our national director, and tourist attractions, the 15 members from our chapter had no problem keeping busy. A couple of the trikes broke down, but the guys worked together to fix them and kept everyone on three. Bob R and Jeff E brought trophies home to Wichita for their trikes in the Trike Show. The other trike-in was 4-Corners at Coffeyville, KS. Not everyone was able to go, but the ones who did had a great time with the trike games, fun run, door prizes, and good food. The rain put a little damper on the trike show but it was able to go on

under the covered pavillion. Gene M and Wayne E both received awards for their water cooled fiberglass body trikes and Gary H received two for his air cooled trike. We had a great turnout for the recent Park City 4th of July Parade. The weather could not have been better and everyone had a good time. We even won the award for the "most fun group". We received an American Flag which flew over the US Capitol on Flag Day of this year. We've had two opportunities, so far, to give rides to others. A good showing from our chapter for the clients of Sedgwick County ARC who have intellectual and developmental disabilities resulted in a win/win for all involved. We enjoy doing this twice a year and they have a lot of fun. The second opportunity was giving rides to children at a local church. Five of our members took the kids around the block several times and reported they all had a good time. This next weekend, some of our group will go to the T-Town Travelers (Tulsa) Trike -In and others will go to the East Central Kansas Picnic. Both events promise to be a lot of fun. Our chapter is currently working on plans for our trike about, which is scheduled for August 8, 9, 10. Not all plans are carved in stone, but please check our website [www.opt-btw.org](http://www.opt-btw.org), for more information on this, other events, and chapter meetings planned in the future. We generally meet the last Sunday of each month. Please feel free to contact Jerry Dunn, Director @ 316-554-4339 or Linda Dunn, Activities Coordinator/Secretary @ 316-734-9244, if you have any questions. If you are in our area, we would love to include you in whatever we are doing.

**Meetings:** 3rd Sunday, 2:30 pm. Call Ch. Dir. Ray Scales 620-632-4606 or email raymondscales8049@gmail.com

**News:** Ray Scales, SE KS Chapter Director submits: Things are rolling along nicely in SEK. Our fist drop off for the southeast Kansas food bank's was April 27, 2014. The monetary donation will really help them out along with several cases of food. It is warming up so getting a few more rides in. Our 12th Annual 4 Corners Trike In was a blast. We had 103 people register for the Trike In and the \$50 gift card was won by Morris Jarrett. Friday night 50/50 was won by Kathy Walters. It was a great evening for the cruise around town. Of course we stopped for Ice Cream at Sonic. Saturday morning we were up and going early. The event run went off without a hitch. Well I guess if you include the parade we participated in along the way. That was a surprise. Best hand went to Connie Maas. Several trikes joined in on the trike games Bo, Loella, Cliff, Jane, Ray, Sarah, Renee, Lori, Janice, Kathy, Roy, Kaylynne, Wayne & Amber. They are all winners with a gift card to

Braums. After that the sky opened up and cooled us off, so we had a nice break. The trike and bike show must go on. 27 Trophies were given away in several categories. The auction went great with bidding for the Home Made Angel food Cakes. The big Door Prizes were given to Rhonda Scales (Laptop), Morris Jarrett (Hero Camera), Donna Jones (5" Garmin). Followed by many door prizes. 50/50 was won by John Privett. That lead us into the evening for our Trike and Bike Light Show Parade thru town to Braums for more ice cream. The winners of the light show for Best Lighting were Wayne and Sarah Eck, Most Creative Lighting went to Randy Culbertson and Jerri Pointer. I would like to thank everyone that helped and participated in the Event. Would also like to thank all of our Sponsors. We had a great time. Looking forward to next year June 26 - 28, 2015. Mark your calendars. Until next time Ride Safe.

### KENTUCKY - State

**Director Interim:** Gene "Sandman" Renfro, Calvert City, 270 - 909 - 0094, (cell) 270 - 703 - 7476, [renwal1@yahoo.com](mailto:renwal1@yahoo.com)

**Meetings:** June 21, Hillman Ferry Campground

**News:** The Central States Trike - In was a BLAST! Loved the area and everyone was so nice to us! They better be, cause guess who's hosting next year? KENTUCKY! We're excited to be chosen and as this is our first time to host a major event, a little scared, too! But everyone at the Trike - In gave us the benefit of their experience and suggestions, not to mention passing along some equipment! Don't know how we got it all on that dinky little pop - up camper but we didn't lose any on the way home. Hope everyone had a dryer trip than we did! Took us an extra day to get there. First, a change in next year's Trike - In's name, it has been decided to call it the "Region 5 Trike - In", due to Kentucky's location being east of the Mississippi and not really in a well defined geographic area. Not Central, nor Southern, East or West, KY just don't fit nowhere's! But we fit in Region 5, so that's how it was decided! We have our dates, June 10th - 14th,

2015 and a tentative hotel & campground lined up, already. Should have full details in next magazine. Watch the website and Brothers of the Third Wheel Facebook Page, as we can get info on there much quicker! Our KY State Camp Out was a fun time, too! Had 13 that camped with us, including some from Tennessee & Mississippi, 3 that stayed in a local motel and so many drop-in guests I forgot to count them! Minor breakdowns as usual, a bit too hot, one storm we dodged, but the good times canceled all that. Our Fall State Camp out has been put off till next year, due to personal schedule conflicts. Suggestions for next year's site are still welcome! I'd like to invite everyone to check out a Facebook Page called "Trike Run" It's focus is on rides all over the country, and they seem to be a good bunch of folks! And don't forget our own little FB group, "KY BTW Trikers" We'll be keeping our grand daughters this summer, while mom & dad get moved to Ft Bragg, North Carolina. Then we'll be heading that way with the girls, so triking gets put on hold for a little while. We'll see all you good people down the road!

Attendance was light, due to so many things going on, so we had a small discussion of next years Trike - In and lots of conversation. A special called meeting to specifically discuss the Trike - In was held Sunday, July 6th at Mayfield. A lively discussion and some good suggestions! Will be scheduling more of these meetings on a regular basis to get things rolling along for next year! If you want to participate, we'd love to have you! Or send your suggestions along to Gene by phone or email. Will have lots more info to come, along with a surprise or two! That's All Folks, Bonnie Walton - Secretary, Western KY Trikers

Dave's trike is still in the building stage but hope to have it for next year and Crash has motor problems with his trike so he rode on the back of his wife's trike and my trike still needs work to get it on the road so I drove my wife's trike but in spite of all that we all still had a great time. **Director: LOOKING FOR A DIRECTOR**

**NORTH DAKOTA - State**

**Director:** Harley Jose, Dickinson, 701-483-3598, hdj@ndsupernet.com

**News:** Throughout the many years serving as your North Dakota State Director I have had the privilege to meet so many wonderful Trikers from all across the country. I've enjoyed being the Chairperson, as well as, just being an attendee at the many events held throughout the twenty plus years of BTW membership. However, there does come

a time in everyone's life to take a step back and pass the reins onto another individual. That time is now for me. So if you are that person that wakes up every morning (anytime of the year) and would just love to go on a ride or talk trikes with someone; you're the person North Dakota needs. Please step forward and take the reins beginning in September. Another spring fun run is in the books..... strange as it was. The one thing certain in North Dakota is that spring weather is a "crap shoot" at its best. It proved true again this year. Friday was a sunny day with everyone arriving timely to enjoy one another's company. Happy hour and a great potluck #1 dinner were enjoyed by everyone. After dinner we enjoyed the bonfire and s'mores. Saturday was our well planned out Ride Day; however, only part of the plan was implemented. We did leave camp, we did get to Washburn, we did tour the Lewis and Clark Interpretive Center.....then the "Plan" fell apart. The rain came, lightly at first, but radar told us there was much more to follow and it appeared it would stay for the duration of the day. A quick vote of the group and we headed to the Captain's Cabin about a mile from the Interpretive Center for a nice lunch. We ate and stalled awhile in the hopes the rain would let up or provide us a "hole in the clouds", for a somewhat dry ride back to camp. Since that seemed doubtful - we donned our rain suits and decided, "This is what Trikers do....we ride no

matter what the weather". Off we went. Time to test those rain suits...the temperature dropped to 51 degrees at one point and some rain suits proved to be more effective than others. Camp was pretty quiet the rest of the afternoon as everyone did their own thing upon arrival. A hot shower, hot tea, a good book and a nap, was the order of the day among us. Near 4:30 in the afternoon, the clouds rolled away, the sun appeared and it became the most beautiful part of the day. The Trikers gathered at the Sickler campsite for a potluck #2 dinner and a nice propane fueled bonfire later in the evening. Sunday morning everyone said their thanks, said their goodbyes, and shared a hug before breaking camp and heading back home. Our group was small for this event but we were a "Mighty Group"..... mighty wet, mighty cold, mighty disappointed in the weather, but mighty happy we could share time with one another. ### OHIO - Thredom Riders

**Co-Director:** Bruce & Ginger Kline, 330-336-5191

**Meetings:** TBA

**News:** Our first Trikeapaloosa Event was a great success, great weather, great friends and lots to do. One of the highlights was taking the trikes on the ferry to Put-In Bay: an island on Lake Erie. We also visited Marble Head Light House and a Confederate POW cemetery. The campground

was very nice and the staff more than accommodating. Plans are in the works for 2015 during Ohio Bike Week. We also attended our Ohio State Trike-in. It was really great to see old friends and meet new ones. Despite Ginger (aka "Mudslide Slim") slipping and breaking her wrist, we had a great time. As we are writing this, we are preparing for our weekend trip to Erie, Pa and Geneva-on-the-Lake. Expecting a great time, hoping for good weather. Details are being finalized for our chapter to ride to PA and attend Border Line trikers event the middle of Aug. A big thanks to our chapter members who are stepping up, making plans for rides, mapping out the rides and helping us move this chapter forward. More information on upcoming events will be posted soon. Until then ride safe and feel the Thredom.

It doesn't seem to rain constantly for hours, just cloud by cloud. Interesting. The trees are in bloom along with flowers everywhere. ORBTW is excited by the preparations for our upcoming OR State Trike-in in Dallas on 6/13-15. We have lots of good times planned- rides, games, and lots of food. We will be

Also, check YouTube after 5/17 for the McMinnville UFO Festival parade, 2013 and 2014. I know we had 3 trikes on it last year. Maybe more this year. A couple saw a UFO in the 50s, and the town celebrates the sighting. Lots of cute costumes and floats. BTW will be in the Monmouth/Independence Parade on July 4th again. More decorations. ORBTW wishes you all happy and safe riding. On three, Marsha June/July News: Greetings from Oregon. We have finally reached summer, and it is in the 90s quite a bit. Riding is wonderful. I'm excited that Eastern OR is on the road to having a new Chapter. Our OR Trike-in was a success. The camping was fine at Dallas, and the people were very pleased with the rides and food, etc. Oregon will do it again next June and hope you all can come. We collected donations to BTW National of \$110 from the Members (which was more than our net profit) which proved again that Trikers are very generous when asked. My thanks to Kathryn Henry and husband, Junius, for coming down to the Trike-in. Her discussion with us about BTW National's needs prompted the above donations. I'm looking forward to being at the WA Trike-in in August.

**News:** Apr/May news: We are now coming out of our Winter Doldrums and moving into our Summer Burst of Activity. On May 17th, several of us are going to ride our Trikes in the Annual UFO Festival's Alien Parade in McMinnville, OR. On June 13th - 15th (Fri - Sun) we'll be partying, riding and doing all sorts of fun stuff at our Annual Oregon State Trike-In in Dallas, OR. Looking forward to that. Then we'll follow that up with the Annual Bigfoot Fun Run and Yacolt Rendezvous in Yacolt, WA on Saturday, June 28th. We'll be in the Parade and put on a Trike Show (All Trikers Welcome). The Fun Run starts at 8 AM, the Parade starts at Noon, and the Trike Show will follow afterwards along with lawnmower races, music, food and evening fireworks. Then in August, some of us will be off to the classic Sturgis Annual Bike Get-Together 1st - 10th. BUT, Those good folks will have to be sure to get back in time for the Annual Washington State Trike-In, August 14th - 17th at Montesano, WA. Hey! how did July sneak through unscathed? our Monthly Meetings at the Parkrose Elmer's in Portland, info above. Ahhh, Spring and Summer. Jealous Note: Paco got a new Trike, he'll show it to us all at our May Meeting. Congrats on your new machine Paco, looking forward to seeing it. Jun/July news: Wellll, we are finally busting loose from our Winter Slumber. In May, Dave Hancock and "Paco" Giesinger made it to the UFO Fest in McMinnville, OR, sadly sans Trikes, however. Dave took pictures of the Capital City (Salem) members who rode in the Alien Parade, Norm and Nadine DeRoux and Wally and Marsha McPheeters. This is really an unusual annual really fun event. Then, Dave Hancock, Jeffrey White, Marvin Kopkie and "Paco" Giesinger made it to the OR State TRIKE-IN in Dallas, OR, near Salem. Marsha McPheeters, OR State Director, her hubby, Wally, and grandson, Michael, were there along with many Oregon Members. Our Reg Dir Kathryn Henry was there as well, lending her support and letting us in on the latest from National. Marsha and her supporters had put together a great weekend. We had rides, food, games, fireside evenings, awards, raffles and even good weather. It was an excellent weekend all around. Then to top it all off. Dave Hancock, Henry Davidson and Marvin Kopkie made it to the Annual Bigfoot Fun Run, Yacolt Rendezvous and BTW Trike Show in beautiful downtown Yacolt, WA. This year we gave all the attendees an "IRON TRIKER" Award because besides the above it was also supposed to be a RAIN-IN. So we were greatly impressed when 15 Trikers showed up from three Chapters. Besides our three from our Bridge City Trikers, we also had Marsha, Wally and Michael McPheeters from the Capital City Trikers and from the Coastal Cruisers (Tacoma, WA) we had Kathryn Henry (also the Regional BTW Director), Churchy and Linda Churchward (Churchy's also the WA State Director), Bill and Linda Crain, Jerry and Karen Curtis, and Allan and Robin Woodley. A fine group of stalwart Trikers. The Town of Yacolt was impressed with us

and awarded us "First Place in the Fun Category of Parade Participants". I was sooo grateful to see our Trikers show up as the weather had been off and on miserable for a few days before, but turned out to be not-too-bad the actual day of the event. But you don't know that when you hop on your Trike in the morning for a one or two hundred mile ride away. We had a large tent and canopy to give our folks respite from the rain if it got too bad. To top off the event, Kathryn had also brought three People's Choice Awards that were handed out based on the votes of the townspeople who attended. It was great; there were also lawnmower races, music and evening fireworks. We'll make this an annual event and see if it's even more fun when it doesn't rain. The next big event (outside of Sturgis; Sturgis is a given) is our WA State TRIKE-IN, in Montesano, WA. Aug.14th - 17th. (See the flyer). Another event not to be missed. Happy Trikin', Dave

**News:** Apr/May news: Happy Spring Fellow Trikers! As we look ahead to the nicer weather, we see rides, camping and a lot of the same things we do each year when we gather to take part in various activities. One change we would like

to work on is more community support from our group like a dinner to support the Humane Society and gathering donations for other organizations. We want to be a chapter known for having fun and supporting others when we can. Calendar of Events: June 7, 2014 - No meeting due to The Strawberry Parade in Lebanon, OR. Parade starts at 11:00am and we will be in the old Walmart parking lot. Come join the fun and see the world's largest strawberry shortcake. July 4, 2014 - Come join us for another fun parade. This parade begins in Monmouth, OR and ends in Independence, OR. The parade is about 3 miles long and takes about 2 hours so please come prepared. We will get lunch and have a brief meeting after the parade. August 2, 2014 - We will have our meeting at Ciddici's Pizza in Albany. Lunch starts at 11:00 am and meeting begins at noon. Labor Day, Sept 2014, is our annual campout. Join us for lots of fun. See the flier in the Triker Magazine. For more information, please feel free to contact us. Jun/Jul news: As the weather has been nice, more riding is being done. On July 4th, we participated in the Monmouth/Independence Parade. We had 10 trikes and 17 people participate. The parade was long, hot, fun, and, of course, as always, we ran out of candy. We are starting to get things in order for our upcoming campout Labor Day Weekend. There should be a flier in this Triker, if not, send an email requesting a flier to: [plindgren1@comcast.net](mailto:plindgren1@comcast.net). Enjoy your summer, have lots of fun and ride safe.

**Meetings:** 3rd Saturday of month:

**News:** Apr/May news: March and April had their usual rain, so only a few of us rode our trikes to meetings - or anywhere else! Nadine and I did make a 150-mile ride to visit friends in the Portland, Oregon suburb of Gresham during March. We even got home without wearing rain gear. (Big smile!) Several of our members are helping prepare for the Oregon State Trike-In next month (June 13-15), and we all went out to the location in Dallas, Oregon where work is being done to get everything ready for the event. The volunteer workers have mostly been Wally and Marsha McPheeters, and we owe them our gratitude and support for providing the location for our Trike-In. The weather is improving, slowly, and Nadine is starting to talk about making another ride... so, maybe we can get a few miles on the road this weekend. Good riding to everyone, from Norm, Nadine, and the members of Capital City Trikers. Jun/Jul news: Attending the Oregon State Trike-In during June was a big event for us, and we had a great time there. While I was not able to go on all of the scheduled rides, the ones I did take were excellent. Crossing the Willamette River on the ferry during the Sunday ride was a special treat for me. I think many members wondered about holding this event in an "industrial park" and were surprised at how nice Wally and

Many of you know that I have some health issues that I deal with on a daily basis, as do all of us. Due to the fact that these issues are progressively getting worse, and the fact that I've had to reset my priorities in my life, I have had to make the decision to resign my post effective immediately as the South Carolina BTW State Director and Midlands/Pee Dee Area Chapter Director. I hope that someone in South Carolina will step up to take on this position and continue to keep the South Carolina BTW Department going. I want to thank all of you Members,

Chapter Directors, Past Chapter Directors and Past State Directors for all of the help and advice given to me since I took on this position two years ago. This has been a great journey and a great ride, and I thank all of you for your support!!! **Meetings:** 2nd Saturday, Even months, 1 pm, Ponderosa Steak House, Hwy 70 Bypass, Dickson, TN. Next meetings, June 14th, and August 12th

**News:** We've been out and ridin' all over the place the last month! We had our group ride to Tellico Plains, to ride the Dragon, Cherohala Skyway and Moonshiner 28 on May 30-June 1. Five trikes made the run, down from the eleven that had planned, (health and family commitments took priority for those others. Our prayers are with them.) We stayed again at Hunts Lodge, a great biker cabin & campground

for sure! Riding the sites went well, no major upsets, and nothing left in the "tree of shame". Great riding all points! All had a good time and returned with plans for a future ride to further destinations! Our chapter meeting on 14 June went off well, we had 16 members there, and 11 trikes! We welcomed Roy and Kristi Burrows to their first meeting and new member Fred Laurence. Sad news to report as well, one of our founding members, John Knuckles, passed away on May 31st. Our prayers go out to Faye and the family. During the meeting, we discussed the news of the 2015 Mid States Trike-in being held in west KY, the upcoming KY State Bike Rally on July 17-20th, in Sturgis, and plans for the next group ride, possibly to north Arkansas. A point of order was made by "Lefty", that BTW Director Guidelines state that the Directors chair has a term of one year unless over ridden by member vote. After discussion, the attending members voted to retain the current director, and thank you! 'smile' On June 20-22, several of us joined the KY State Director and the West KY Chapter at the Land-Between-the-Lakes, KY, Hillman Ferry Campgrounds for camping, riding and good fellowship! There were BTW members there from Mississippi as well. Till next time, we're tryin' to stay out in the wind! "Lefty"

**Meetings:** the second Sunday of each month at 1:00 at the American Legion Hall on Manhattan St in Ft. Worth

**News:** Hello fellow riders, It's already July and the time seems to be flying by at a faster pace than I can keep up with. We've had some good times the last couple of months with a Memorial weekend ride to Glen Rose TX to eat copious amounts of barbeque at the legendary Loco Coyote grill, and chase it down with a favorite beverage or two. The following weekend a few of us rode to Jefferson TX and attended the Route 49 Rally, a benefit held annually for the Children's Medical Center of Dallas, where again we enjoyed great barbeque & beverages. The rally lasted 3 days, hosted some great bands, along with various vendors and was held at Diamond Don's RV Park, a biker friendly park staffed by some of the nicest folks we've met in a long time. If you ever have the chance to attend, I would recommend it to everyone. As the 4th of July rolled around, we decided that our chapter hadn't eaten enough barbeque, so it was time for another ride to the Loco Coyote for another evening of good food with good friends, as we all sat out on the patio and ate. It was a perfect time to ride as the evening temperatures dipped into the low 80's. We still hold our meetings the second Sunday of each month at 1:00 at the American Legion Hall on Manhattan St in Ft. Worth, and would like to extend an invitation to all trike and bike enthusiasts to stop by and say "HI" and until we meet again, ride safe and ride free. Troop

Then on May 21 we took a ride over to Orange, Texas where we donated baby items to the Sabine Federal Credit Union for the South East Texas Community Baby Shower. They collected more than \$24,000 in cash and stocked three different facilities that supply resources to needy mothers. **News:** Hello everyone, not much going on here for the month of June, we had a couple of trikes down for repair and another one off the road due to the Texas DMV codes. One of our members Walter Sorrells was headed to the Central States National Trike Rally at Eureka Springs, Arkansas and had a Trike accident, a car hit his camp trailer which in turn spun him out and down a 10 foot deep ditch. He broke his ankle and has bumps/bruises, one good thing he was wearing him helmet. On July 4th chapter members attended the wedding of one of our members, Mike (Capt. Sundance) married Beatriz Margarite Caballero Villa who is from Colombia, South America. Texas Gulf Coast Trikers would like to wish Mike and Beatriz the best of luck in the future. After the wedding everyone returned to Mike`s house where the reception was held. A BBQ with all the trimmings was served and enjoyed by all. Later that evening we moved out onto the pier to watch the 4th of July fireworks from several different towns. Our chapter managed one meet and greet at the Lone star Grill in Bacliff, Texas. Right now Washington state is enjoying another fantastic summer with the Coastal Cruisers and the North Sound Thredom Riders enjoying the good weather to ride in the wind... Ahhhh, don`t you just love it..!! Washington State has been asked to host an August 2015 Pacific NW Regional Trike-In. We are checking out suitable family friendly RV campgrounds with Motels close by for the non campers. So far we have found one in Packwood WA on Hwy 12 that looks good but we are still looking and open to any suggestions from you. I will keep you posted on our progress. I have scheduled what I`m calling a "Rally" in Ellensburg WA on July 19th to gather Trikers from Eastern WA and talk about forming a new chapter there. I will let you all know how that turns out in the next issue of the **Triker** Magazine. **News:** It seems that it is time again to update the world of Trikers about the North Sound Threedom Riders (NSTR). I have volunteered to take on this task for this month and give our chapter director Russ Lamb the month off. It seems that time has caught up with most of us as we get ready to spend more and more time on the road this summer. Tune up projects that seem to take longer than they should and fixing the ever present oil leaks. Then again there are the "bolt on" chrome packages that we just didn't get to this winter. We have a couple chapter members that are in the process of building new trikes that we were hoping to see this riding season, I'm sure they will be rolling next summer. The important thing is that we are still getting together and are riding as much as we can. The camaraderie and the excitement of getting together is still wonderful. I personally have found that there is a wealth of knowledge that has been

openly shared between our members and what appeared to be difficult issues have been talked about and solved over dinner at our monthly meetings. By the time this is printed we will have participated in the Oak Harbor, WA 4<sup>th</sup> of July parade and have joined the Coastal Cruisers for a ride to Mount St. Helens. We have a number of rides scheduled for the rest of the summer and welcome all to join us. Keep the rubber down, the shiny side up and the wind in your face. **Meetings:** Socials every Thursday, Homestead Restaurant, 7837 South Tacoma Way, Tacoma 6PM Everyone welcome.

**News:** WOW!!! What a busy fun summer we are having! We participated in a large bike show in Snohomish where they also allowed us to set up a table to distribute BTW information and we made good use of the opportunity. We each took handlebar hangers to pass out every time we walked around the show. We also had Triker Magazines to give away and plenty of members to talk with anyone interested in trikes. Besides being a great opportunity to spread the word about BTW, it was great fun. And our new BTW banner looked amazing! (Thanks Lynne). We have also done a lot of riding. A nice leisurely ride thru the countryside to Black Diamond Bakery for brunch. And although the food was excellent and we ate too much, we still had to grab that piece of pie or extra treat to take home. Then there was camping at Friends Landing over Memorial Day....a very relaxing time with friends. June brought the annual ride to Triple XXX Diner where they proudly proclaim that nothing they serve is good for you! Everyone chose their favorite artery clogging lunch and the owner offered up some items for an impromptu raffle. It was a great time to include others in our fun. We topped that off with a ride over to the chocolate store. We really know how to be bad! Junius & I attended the Oregon State Trike-in which while small, offered some great rides and lots of time to visit with other trikers. We had a great time and I would encourage you to add that event to your list of things to do next year. I also went to a Spyder Lovers event in Chelan to talk with them about BTW. I meet a couple of BTW members and offered magazines to several people who had no idea such a group existed. Then came the Yacolt Big Foot Run & Rendezvous days. On my trike, I led the runners in the 5K & 10K runs. When I returned to the finish line, I assisted with handing out medals. So very rewarding to celebrate with each finisher. After the run we included our eight trikes in the parade and then a trike show. It was a great time even though we got a little wet. Thanks Dave Hancock for setting that up. July started with the mountains. On Saturday a ride to Mt St Helens where we saw so many wildflowers in all colors covering the grassland. And at the same time we

##### Vancouver Island – Vancouver Island 3 Wheelers

**Chapter Chairman:** John (Helgi) Helgason, 1-250-703-9598, Courtenay BC, helgasonj@telus.net

**Assistant Chairman:** Bob O'Blenis 1-250-338-2313

**News: .** We are "Happy" to announce that as of this last month we are now a Chartered Chapter of the BTW. The Chapter name has been decided at our first meeting, to be "Vancouver Island Three Wheelers". A name that was decided on by the majority of the members present at the meeting only after doing battle with our girlfriend "Paddy O' Belinis" then we dug into scumchius burgers and hot dogs for our first BBQ. It was a good meeting and I think several new friendships were initiated. So far we have about 12 members and we are hopeful that several more that have inquired will take the steps to register through HQ and then join with us on some rides. We have not really done many BTW rides here with the whole group up till now but it takes time to pull everything together especially with everyone being on vacation or family commitments during the summer months. In time we will sort all this out and look forward to more get together's and longer rides. There are some members doing summer rides to places with other groups or with old friends, Bob and I are headed for Newfoundland at the end of the month. By next year we should have rides and outings in place that will suit all member's ideas of a good riding group and places to investigate, great rides to experience and stories to share. Until then we will continue to put out the word to Trikers all over the Island of our new BTW group and invite "All Trikers" on Vancouver Island to as many outings and rides as we can organize. Vancouver Island is just as beautiful as always and it awaits the feel of your wheels on its roads, come on and visit with us soon. If you're coming to Courtenay call Bob or myself and we will meet with you and show you around.

Lightweight Pop-Up Campers for 2, 3 and 4 wheels!

Most mornings some of the members can be found at the A&W on Cliff Ave Courtenay around 10am to 1 pm or at Motorcycle Monday Nights 5:30 pm at the same place. Come on A&W's Motorcycle Monday night and enjoy a free root beer, compliments of the managers/owners. Meet some neat people and look at some great bikes of all makes and models. Hope to see ya's there! Our weather has improved somewhat and our Provincial Government has raised our hi-way speed limits to 120 KM (70 miles per hour). Burns more gas but can be exhilarating at times. Congratulations to Ted Monk, our new Provincial Director, we look forward to meeting and riding with you and the mainland rowdies. lol. It's great to see the mainland coming back to life and hopefully we will be able to take part in mainland events and rides and they with us. Anyone from down south of the border or elsewhere in Canada coming to the Island, give us a call and we can meet up and share some stories and a cuppa. To those on Vancouver Island reading this, give us a call and Let's Talk Trikes and hopefully attract some more new members. It is our hope that as we grow we will form new chapters in several sections of the Island and then co-ordinate between Chapters for rides, visitations and BBQ's. First things first but that's my vision. Let's make it yours too. Until the next time I leave you all with fair winds in your face, sunshine at your back, safe roads and riding in your future. Rubber side down and ride it like ya stole it. From the Vancouver Island "Three Wheelers" to you, Toe Faa my friends. (Samoan for "Till we meet again".) Helgi

**Meeting:** 1st BTW meeting – France June 28<sup>th</sup>/29<sup>th</sup>, 2014

**News:** The first brothers arrived already at the beginning of the week and it went on until Friday evening, finally counting a total of 36 Trikes and 58 persons to share the first dinner together that is excellent Paella. After a first morning dedicated to the last preparations under the supervision of Chapter Director Gilles LIETTI, the welcome reception started around 9:30. Each crew received a welcome gift as well as a VIP pass for all BTW-France members. The registrations for the hikes and first drives on a Trike were confirmed upon arrival. A total of 102 Trikes (more or less 170 persons) were displayed to the public on the place of the Grand Port in the city of Aix-les-bains. A VIP lounge reserved to the BTW-France members and the sponsors and partners included a stand for tasting local beers as well as coffee and other drinks and pastries. Due to the number of visitors crowding around the Trikes, the first drives started around 10:30 with a never stopping flow of onlookers wishing to "go and drive around". During more than 6 hours, 30 to 35 Trikes and 5 Spyders escorted by bikers drove on the 6 to 7 kilometers track, bringing joy and smiles to the drivers. The profit of the day amounted to 1300 Dollars, which was donated in full to the association ZICOMATIC, which is dedicated to the disabled people. Around 6pm, the procession going to the Congress Center via the city centre for a cocktail organized for us by the city of Aix-les-Bains. The dinner took place in the restaurants around the Grand Port and was followed by a rock concert of the band Ventura Steel. Unfortunately, the bad weather and stormy winds prevented setting off the fireworks, which should have closed the first evening. The meeting of the BTW-France members took place on a rainy Sunday morning to prepare the first moral and financial report of the association and nominate the Road Captains. The draw of the Tombola reserved to the Trikers with

exciting prizes closed the last morning. After a last lunch taken together with the 90 remaining participants, the sun finally showed up and it was time for the Good-Byes of the BTW-France Sisters and Brothers already in expectations of the next annual gathering. And as we use to say here: Un Week End Tip Top que du Bonheur !!!! Proud to be of BROTHERS OF THE THIRD WHEEL!!

**News:** So it would appear that our great British weather has a lot in common with the England football team; we would like to bask in warmth, but stormy disaster is imminent. However, unlike our football team, our remaining summer season is set to be glorious, which is excellent news as our BTW National Threedome Rally is just around the corner. Yes folks, an entire weekend dedicated to fun on three wheels and, as ever, a great chance to meet up with fellow BTW members and make new friends. If you haven't already got a ticket, where have you been hiding: If you would like more info of how you can be a part of our epic, annual rally, please call Hobbit on 07883 490262. On Friday 13<sup>th</sup> June, BTW members accompanied the family and friends of Paul (GPZ) Salmon on his final ride. Paul's funeral was a beautiful and unique tribute to a truly wonderful man who will be remembered for so many good reasons. Paul was a devoted husband to his lovely wife, Rachel, and an amazing father to the couple's young son, Nathan. He was a loyal friend, always happily giving his help and expertise to those who needed it. His wonderful sense of style was coupled by his fun loving,

good nature. He and Rachel often held gatherings at their home where Paul reveled in playing his part of welcoming host. As a brother, Paul was so generous with his time, always supporting events and gatherings. As a friend, Paul was a kindhearted treasure, who was a joy to be around. Paul will be fondly remembered by everyone who had the pleasure of knowing him. Naturally, our thoughts and love go out to Rachel and Nathan, whose courage throughout this tragic time has been truly inspirational. Those of you who are attending this year's Rebel Rally may be interested to know that, as well as the usual fun & mayhem, there will be a unique opportunity for you to take part in the bidding for a hand crafted sculpture by the late Paul GPZ Salmon. His stainless steel bike and trike sculptures are truly magnificent, with amazing attention to detail. Although, I must warn you, the opening bid has already started at £100, so you may have to empty your piggy bank for this one. However, a further two sculptures will also be entered into the raffle. Since Paul and Rachel have played such a big part in the Rebel Rally since it began, it is a fitting tribute that the work of such a talented man should go to help a worthy cause. All proceeds will be donated to the Air Ambulance. Area 18 (Cambridgeshire is now officially on the map. Road Captain,

Area 16's Andrew and Andrea Bish have recently returned from their epic adventure across Route 66. Whilst on their travels they got to meet up with BTW members from the USA. Firstly they met up with Ray in Santa Fe, then they met up with Rock (New Mexico State Director) and Sherry for dinner in Gallup where they were also joined by members, Bradley & Cena, from Zuni. Andrew and Andrea even featured in

the BTW New Mexico newsletter. Andrea said, "We started in Chicago, where we met up with the other people who were also on the holiday for the first night. Over the days we went to Springfield, St Louis, Joplin, Oklahoma, Amarillo, Santa Fe, Gallup, the Grand Canyon, Laughlin, Las Vegas, Victorville and Los Angeles. We did 2,734 miles. We had such a fantastic time riding a trike, which we love doing. It was also hard work as we had to get up most days at 6:30 and a lot of time we did about 250 to 300 miles a day, but we would stop off at places of interest along the way. We got to know a lot of lovely people, who we travelled with, and are all in touch with each other. We are still trying to get through the photos as we have taken about 4000. It is well worth doing an adventure and challenge" Wishing you all a safe summer. Paula

# FROM THE MEMBERS

## BTW the Beginning

*I was asked to write this after talking with "Churchy" our Washington State Director.*

You see this story starts about a year ago, June or July 2013 when a person I had never met invited my girlfriend, Lori, and me to the Brothers of the Third Wheel Washington State Trike-in in Montesano, WA. I had no idea what that was going to entail or who these people were. We decided to go and check out this new to us organization. You see, I was a member of an organization that even though not a MC (Motorcycle Club) they acted like one and ran with a number of the same rules and attitude of an MC. The ideas like 'Don't touch my bike', 'Don't mess with my woman', 'Don't take any crap from anyone' and it was almost a rite of passage to carry a side arm to all functions and especially when we were on the road. I truly thought that this was a place that I would be for a long time and considered these people my brothers, knowing that they would be by my side no matter what. I found after spending over two years to gain full membership in the organization and finally becoming a full member that my thoughts and ideas were not always reality. A change in leadership and an issue involving a family member brought out the true colors of this organization. Jump forward to the day that we met up with Russ and Laurie Lamb and headed to the ferry dock to start our ride to Montesano. Russ and Laurie both made us feel that they were truly glad that we were there and were riding with them. The ferry ride over to Port Townsend was the first time that I had the trike on the ferry. What a great ride! We traveled back roads to Montesano stopping for fuel and stretching a couple of times and had a wonderful ride. We checked into the hotel and got settled before heading to Friends Landing to meet the rest of the Coastal Cruisers. When we arrived people were waving and happy to see us. We were greeted by a number of fellow trike riders before we were able to get stopped and off our trikes. There were handshakes and hugs around even though these people had never seen us before and didn't know me from anybody. It did not matter to them that I had a different patch on my back or that I was from another part of the state. When it came time for dinner we wouldn't have been able to sit by ourselves even if we wanted to. Linda Churchward was one of the first people to introduce herself and make sure that we felt welcome and part of the group. Katheryn Henry also made sure that we felt more than welcome and expressed to us that she was happy that we had made the trip to visit with them for the weekend. There were so many great people and great trikes to look at. Because of my past (see above) and my upbringing I know that you don't get too close and most certainly ask the owner of the motorcycle or trike before getting too close. When we were looking at Mitch's trike and commenting on the unique paint job, we heard "take a look, sit on it if you want, you can't hurt it". I was in shock to say the least. Then Churchy said the same thing, "Sit on it", "you do have your trike endorsement right"? "Yes" I said. "Take it for a drive if you want". I wasn't even sure I should sit on his trike and I would never think to ride another person's trike. I was in complete shock, these people were very different. The ride after dinner was to Aberdeen to the Baskin Robins for ice cream. How cool is that!! When we got back to the hotel I told Lori that I did not know what to think of these people. They are nothing like the group that I have been riding with for the last three years. I was really having a hard time understanding the situation we were in as it was so different from what I knew and thought was the way everyone that rode was like. I don't think I slept much that first night even though I was exhausted from the ride that day. The next morning I got up and was getting ready to head back over to Friends Landing for breakfast and as I walk outside I see Russ wiping down my trike, cleaning the windshield and drying the night's dew from the seat. What do I say besides Thank You? Who are these people? When we arrived at Friends Landing for breakfast the reception was much like the day before. We were made to feel like we had been a part of the group for some time. Linda even took a picture of our breakfast. I found out later that she does that with most everyone. We were included in all of the group pictures and were asked to ride in the middle of the group on our big daily rides. In the other world I was a part of, non-members were required to ride in the back. When we returned from our ride I was told that my brake lights had stopped working sometime during the ride. Immediately there was a group of these people asking how they could help get the trike fixed. I found that the brake light actuator linkage had come loose. I am too big to fit under my trike to attempt to fix it. I said "it would be nice if there was a small Japanese person there that could reach the linkage." Mitch told me to bring the trike around to his camping spot as there was a slight rise in the grass and he would see if he could fix it. Mitch dove right under the trike and fixed the problem. I asked if I could pay him for fixing my trike. "No, just keep riding." Wow, what an amazing

Cont:.....

group of people. It is still working to this day. I am pretty sure I slept that night but I was still having a hard time accepting the whole situation at hand. The next day was a ride to Westport for lunch. Great ride and a wonderful pace that was set by the Road Captain. Some of us left Westport at different times and I was asked to lead a group back because I had been in the area before. The ride back was a success as we didn't lose anyone between Westport and Friends Landing. The rest of the weekend was just as much fun as the beginning. We were all sad to see the trike-in end and head home. We all said that we would like to get together again. The ride home was just as good as the ride down. Jump ahead to September 2013. Russ and I had talked about the possibility of starting our own chapter in the local area because Tacoma is a long drive to be part of the Coastal Cruisers chapter. Jump ahead again and you will find that there is a new chapter in the BTW, North Sound Thredom Riders is up and running and doing well. I blame all of the members of the Coastal Cruisers and all of the others that were at the 2013 Washington State Trike-in as they have changed my mind about the types of folks that are riding, and pushing pavement everyday on their trikes. I no longer have the other patch on my back. I am now a member of the BTW and co-director of the NSTR with Russ. I hold all of those folks that I now consider friends responsible for a change in myself and in my way of thinking. I have learned of true brotherhood because it has been shown to me instead of just being talked about. I purchased a VW powered trike last September (also their fault), and had some electrical issues. Russ and I called Churchy for some advice on fixing the problems. Instead of telling me what to do, he (Churchy) drove 200 miles to teach me about electrical systems and rewire the trike. Not only did he do this once, he did it multiple times until the project was complete. Russ also drove from Whidbey Island multiple times to assist with the electrical as well as other issues I have had. I can't thank these two enough for all of their support and friendship. I truly believe that because of the actions even more than the words of the members of this organization I have become a better person and have found a place that I can ride and enjoy the company of friends both far and near.

Thank you, Mike "Boattail" Brenaman, Co-Director North Sound Thredom Riders. (NSTR)

## Trike Vacation 2014 Dean and Lois Yates, Hi Desert Trikers in California

We started out going to Seligman for the Trike in. Left Thursday May 23. Checked in at the Canyon Lodge Thursday night. Saturday went to Hackberry with the group. On the way back the Outsider MC Club invited us to their clubhouse and served hot dogs, brats, and Chile for lunch. Great clubhouse, Gracios Hosts, good food. Saturday night we went to the Snow Cap for dancing and ice cream. Good DJ. The old boy still has it in him. Danced a lot. Left Seligman on Sunday rode thru Ash Fork, Chino Valley, Prescott, Jerome, Cottonwood, We took 17 to Flagstaff, and smoke from Sedona fires burned eyes and made it hard to breath. Stayed in Flagstaff, the Roadway Motel gets a thumbs down.. Next day rode one of the most scenic and beautiful rides thru Page, Bryce Canyon, (stopped at a cave tourist trap), then thru Utah on highway 12 to Torry. Found a cute motel n the pines with a café, very rustic. The Capital Reef Motel, The next day after breakfast Dean was sick, I guess French toast didn't agree with him. I We went on to Yellowstone stayed at The Branding Iron in "West Yellowstone. Already crowded with tourists. Buffalo and other animals galore. Next day traveled thru Montana stopped 60 milers north of Great Falls, to Choteau Montana. Dean picked the Motel. We went to eat dinner came back and left immediately. Yikes bedbugs, we traveled 60 miles at night in 45 degree weather and wind in the middle of no wear to Conrad Montana, found motel, no bugs. The following day rode to Eureka Montana, Stayed at Super 8 with a casino attached. The Casino served Prime Rib with all the trimmings including desert for 22 dollars. Great place to stay. The next day traveled to Jasper Canada, beautiful ride thru the National Forest in Canada, met some BMW riders on their way to Alaska. Snow on the ground and cold but worth it. Jasper had no vacancies due to Tourists, mostly from out of the country. I thought er would have to sleep in the woods with the bears Of course Dean reassured me that he watches the Survivor man so he could take care of us. We found a Motel 60 miles away this one we called the tomb a real dump with 3 channels on the TV. The next day we had some rain, we have rain gear so it was not a big deal. I have to give it to Dean beautiful ride mostly side roads. We headed to Vancouver Island took three ferries, the motorcycles and cars park under the deck. Quite an experience. We then rode to Victoria, beautiful town. We took another ferry to the US. Ferry employees rude. Border patrol very friendly talked to us for quite a while. Wanted to know about our trip. Rode to Astoria Oregon stayed in a Motel

CONT: on the Columbia River. "The next day we rode to Portland, Clackamas, to visit relatives. Rode down the beautiful Oregon coast then into California where it was 112 degrees. Stopped at a ratty gas station to wet my cool vest. No water to their sink so I used their employee shower for vest. It worked for about 30 minutes then dried out to fast. Then thru San Francisco to Highway 1. Traffic unbelievable, stayed in Santa Cruz. Lots of people in Santa Cruz. The next day we took 1, another spectacular ride, to highway 166 across to 5 temp 108. Met some other riders. Near Taft. Then up grapevine to Gorman across to Lake Hughes and thru Leona Valley, then home. We met a lot of people, tourists wanted to sit on Trike while their friends took pictures. IF I put everything we did I could write a volume, all the things we saw and people we met. We put on about 5000 miles, Gold Wing Trike, Roadsmith Conversion, and Time Out Trailer. Lesson learned don't put less air pressure in front tire Dean put in 37 psi instead of 41 psi to make a softer ride. Ruined the tire. We had to detour to Kalispell, Montana to but a new tire. Put on a Dunlap and still looks new. **Dean and Lois Yates**

## A ROAD LESS TRAVELED

It was at the Western National at Madera, CA 2014. I had just finished building my son's new trike and this was to be the shake down ride. My thinking was we would go on the Yosemite day ride, which would give me all the major riding conditions and have a backup truck if something did go wrong. What a beautiful ride up through the park. I think they said we had 42 trikes on the ride. My son's wife, Liz, was riding with me and my son, Frank, was riding with my wife, Leatha. We were at the back of the pack and somehow we got separated from the main group. We could still see several trikes way up in front of us so we kept going. We caught up to them just before leaving the park and as we went through the gate, I asked how long ago did the main group of trikes go through. He said what trikes, we were the first all day. We pulled over to talk things over and figured out what to do next. It seems that the main group made a turn that we did not. I knew that we needed to get to Mariposa, which was just up the road a few miles and we still had the backup truck with us. So off we went. Once we got to Mariposa, we found a gas station. We had five trikes and a truck. After gasing-up we pulled out of town and found a place to park and figure out what next. Leatha had her GPS and Jeff said he knew how to get home from a town called Raymond. The GPS said it was only 23 miles to Raymond at the next left. So off we went. Did I mention that we lost the truck somewhere in town? He thought that we turned. He did make it back to camp before us. Now, for the name of this little tale. The Road Less Traveled is a Road Worth Riding. Well, the person who thought that one up must not have known the guy that coined the phrase '23 miles of Bad Road'. Maybe, just maybe, if you were in a car, a truck, a motorcycle, or even a school bus, you could dodge and swerve to miss a lot of the pot holes and bumps, but not on a trike. 23 miles = 1 hours & 30 minutes. We even got passed by the school bus and he was gone. We finally got to Raymond which was a gas station, Bar & Grill, and a store all in one building. The locals said they don't even use that road, they take the long way around to save time. They told us that about 3 miles up the road was the turn to get back to Madera. After a much needed break, we hit the road back to the park. I have never been so beat up on one ride in all my life and I am sure that the all of us felt the same way. We all do have a tale to tell and will remember it for a long time. Back at the park, I cornered the road captain and asked if he knew who was left out on the road. We did miss the turn and he did send someone back to find us. The park ranger did tell him that we had been through a while ago and we seemed to know where we were going. I was ok with that but I did ask again if he knew WHO had been left out on the road. I told him 5 trikes (Loner Abbott, California State Director and Jack Mertes, Region 9 Director and Alex Ross, CEO and Leatha and Jeff). His statement was "Do you think that maybe we done it on purpose???"

## What if 2014

Have you ever been setting around with a group of friends and have you ever said "What if we had a weekend? That's what started "What if 2013" and a trip to Eureka Spring Memorial Day weekend. As the Memorial Day weekend approached this year the question was "What If" we went to Southern Louisiana? The trip included 2 trikes, a bike and 6 members of the T-Town Travelers from Tulsa, Oklahoma. As the weekend grew nearer the excitement filled the air as we prepared making plans, mapping routes, and a last minute trip to the store. Now we are ready. The plan is to leave just as soon after work

as possible. Heading south our first night stop was in Mt Pleasant, Texas. Nice town, the people were very friendly. The next morning Tom was able to get out his fly rod for a few minutes catching a dozen or so pan fish. Just catch and release is his motto.... I'm working on that. A fish fry might be fun this fall. After returning to the highway we made our way to the visitor center at Alexandria, Louisiana. After a quick sandwich and a tour of the center we ran into a nice ole southern gentleman that directed us to a quaint Southern Louisiana cajun seafood shop called Robbie G's. Very good food, I would recommend if you're ever in the area. Then next stop, the Kent Plantation House. This location holds history that was interesting to the entire group. After leaving the Plantation House we found a motel, checked in and headed on over to Robbie G's for dinner. Did I happen to say the food was outstanding???? After returning to the motel it was getting close to dark and we noticed the outdoor activity seemed to pick up. Have you ever been in a place that just didn't feel right? Ya, you probably figured it out by now, the working girls were trolling the parking lot. After a not so restful night we headed on further south to just south of Lafayette to New Iberia on Avery Island to the Tabasco plant. It is hard to imagine the island is setting on a huge salt mine. Oh and by the way, Jack Daniels, regardless of the TV commercials, doesn't squeeze their wood barrels to get the Devil Cut. They send their empty whiskey barrels to Tabasco where they recycle them. Also on Avery Island is the Jungle Garden Bird Sanctuary. We made the tour and saw magnificent Oak trees draped with Spanish moss. The view was like a living postcard. I'll let you know how the pictures came out. Then rounding the corner and yes finally we see ALLIGATORS!!!! Leaving with all fingers and toes in tack we head toward Livingston Texas where "Switches" brother, Danny lives. As we travel along the coast we see crawfish ponds, rice fields, and draw bridges. Upon arriving to Livingston and holding to tradition we grilled in the parking lot of our motel and had a hearty dinner of brats, baked beans, and beer. After a couple hours of food and conversation we called it a night. Next morning we awoke to possible rain and the forecast wasn't any better for the next day. So we turned our bikes north and headed for home. Leaving at 8 am that morning we arrived in Tulsa around 7 pm. With all the rain possibilities we only ran into rain the last 10 miles coming home. All told, 1495 miles and a life time of memories with great friends. Looking forward to "What if 2015". Oh, one more thing before I end this story when you travel riding a homemade custom trike you have to expect the other travelers on the highway that speed by in their cars to hit their brakes, slow down so they can catch a video or a few snapshots of you while traveling 70 MPH. At each fuel stop you have the people that come over and introduce themselves wanting to know more about the spider web VW trike they see at the gas pump. Even have enough time for mom to let the little ones set in the seat for a quick photo op. That's one of the reasons I love this hobby It seems to bring a smile to everyone's face. From the firemen at the intersection in their fire truck, to the homeless man on the corner with his cardboard sign. The smile on their face is the same. You get the point and a wave or give a thumbs up. It is truly heartwarming to see young and old react in a positive way. So now the question is what will "What if 2015" bring? Colorado? Iowa? South Dakota? Who knows, we have a year to make that decision. Maybe your Chapter has a "What If" planned soon..... Hope so, cause you won't regret it.

## **Bug's eye view Western National Trike-in at Madera, CA— CONTINUED FROM JUN JULY MAGAZINE**

Once we got past the desert and up in the mountains it was shady and more like home. I liked seeing all the dogwood trees in bloom. Beautiful! They have some high mountains around here. There was even snow by the side of the road in one place. They had quite a town up at Shaver Lake, a very nice place. We also went a little farther to see a power plant, then back to the lake for lunch. It was not too hot, and maybe even a little cool at times. The way back was fine, until we got back down the mountain and it got hot--really hot. It was in the 90s. Everyone seemed to be really exhausted and worn out from the heat. We rode about 120 miles this trip. After we got back we went to the motel for a while, then over to the camp ground. The Coastal Cruisers had an ice cream social at 7pm. Of course I miss out on things like that. I heard that it went really well and there was plenty of ice cream for everyone. I guess they liked the choice of vanilla or neopolitan to go with the toppings. Friday morning we were up early again to go for a ride to Yosemite National Park. I think they said there were about 38 bikes. That's quite a parade! The day dawned bright and beautiful, not too warm at 9 am. The road up there in the mountains is very curvey, with some of those beautiful dogwoods in bloom among the pine trees and giant sequoias. There seemed to be trees every now and then that looked like they were growing right out of the rocks. Sometimes you could see the roots on top of the rocks with just the ends going down somewhere. We had lunch in a picnic area there. It was a nice area, but there were not many tables or rest rooms. No water, either, but I guess that would be because they have such a water shortage in California. The lunch was a little scant, since those in charge forgot to bring CONTINUED ON NEXT PAGE

CONT: the chips and some of the drinks, and there were also a few more people than they planned for. Part of our group was going to go to some sort of museum on a shuttle, but it left just before they got there. The rest of us headed for home. It was getting late, and people were tired. On the way back I heard that the bike thermometers read 99 degrees! That last 45 min or so of the ride was very uncomfortable! At that temperature I was almost roasted! We got back to camp and found out Kathryn, Lorena, and Junius had driven all night and arrived at 3 AM. Kathryn was doing OK, but got a little tired and needed to rest sometimes. We relaxed the rest of the evening and had a good dinner at Perkos. Saturday morning was the bike show. I kind of got to see it from a distance. Bill didn't want to clean the bike and enter it but he rode it to the campground. That's fine with me, so I can see what's going on. There were all kinds of trikes at the bike/trike show, from rat trikes to the very beautiful, even a smart trike—a smart car made into a trike. Churchy brought a trailer with the form he used to make his trike body, and the first body he used. They had the show at the fairgrounds where we camped. They had bike games after that. I didn't really get to see them, but I heard they were lots of fun. Gary and Coleman were in all of the games, and Terry and Linda, and Churchy and Linda were in some, too. The evening meal was a potluck. I heard that had lots of good food for everyone, including plenty of yummy desserts. They gave out awards, too. We got the "Best Dressed Chapter" and "Largest Chapter from Out of State." Churchy got the "longest distance ridden" (he went 10 miles farther than we did.) Tim and Joanne should have gotten the "longest distance towed," but something happened and they gave it to someone from Utah that went only 800 and some miles. It was just fine that we didn't get the "Hard Luck" award this time. Sunday morning, or night, I should say, we were heading for home by 3:20 AM with Larry Maulding, who came to visit the Third Wheelers. I don't know if I like those early, early starts. Anyway, we rode along waiting for the sun to come up. You know, I like the smells that you get when you ride along in the open air, not inside a car. The fresh-cut hay on that truck smelled so good! Of course there are the not-so-refreshing smells, too, like the cattle feed lot, diesel trucks, and the skunks. I'm glad there weren't too many of them. Then when we went by a wood carving shop there was the smell of fresh cut wood, and sometimes a field of something growing, or the beautiful lilacs in bloom. I love the smell of rain, too. We traveled north on 99, then on I-5 to north of Redding where we headed east to meet Norm and Donna in Pendleton where he was supposed to pick up his trike. As we were traveling along at about 65 or so mph Bill sped up to pass a couple cars. Larry was behind us. When he went to catch up, a California Highway patrol car was going the other way. He turned around and stopped us. Bill thought he would get a ticket, but he had clocked Larry at 90 mph and only gave him a ticket that he said would be for 75 mph. Sorry about that, Larry. The day was cool, and we only had a few sprinkles of rain. We kept on riding and riding, till we got to Bend, OR. That's where we stopped about 4:30PM. I don't know about these loooong days. At least it wasn't hot, so that was better, anyway. Sunday morning we found out Norm's trike wouldn't be ready, so we headed north, then on the Washington side of the Columbia River back to I-5 and home. We hadn't been that way before. It was a scenic ride along the river. It rained just a little here and there as we went under a rain cloud or two. Finally home was in sight, and a chance to rest for a while, after a very good trip. **Article written by Linda Crain – Coastal Cruisers**

# ITEMS OF INTEREST

Hi all,

I'm sending this to "everyone" because I want to let you know that we really did have a great time at the Oregon State Trike-In this past weekend. While I was not able to go on all of the rides, the ones I did take were excellent. Crossing the Willamette River on the ferry during the Sunday ride was a special treat for me. I think many members wondered about holding this event in an "industrial park" and were surprised at how nice Wally and Marsha made the surroundings. I have to stop here and give a sincere Thank You to Wally and Marsha for the preparations; to Chris and George for their work with the food and games; and to Nadine for giving up riding to help prepare the lunch on Saturday. Nadine was also the "prime mover" for the Candlelighters Silent Auction on Saturday, and we were able to raise \$70 for them.

I would also like to thank Kathryn Henry for helping us understand what is happening at BTW HQ, and for taking our concerns back to the leaders at HQ. **In friendship,**

# In Memory of Trikers Lost

**Robert "Bob" Oatman** 07/14/57 - 12/16/13

He was a beloved family member of the BTW High Desert Chapter CA, for more than 15 years, a loving Husband, Father and adoring Grandfather. He and his wife of 37 years, Sharon Oatman, have triked their way across the U.S. many times. They've attended the National Trike-in

in MO & have been to the Sturgis Motorcycle Rally in 2004 & 2013. We will all miss Bob's infectious laugh and the carefree, easy going way that he looked at life.

**(My apologies for the delay of this tribute)**

**Dan and Maudie Norden**, of Gateway Chapter MO. BTW who were killed in a car crash over Memorial Day weekend.

**Barb LaChance**, Gateway Chapter member, was killed in a trike crash 14 June. Mike and Barb had just been at the funeral of two other Gateway Chapter members,

**Claude (Butch) Landry** a life time member has passed away. May 21st 2014. Thunder Bay, Ont. Canada

**Mary Christina Freel** passed away peacefully in her sleep at her home on May 23, 2014. Beloved wife of the late Milt Freel and member of BTW.

**Glen Hagen**. Glen had just been a member a short 2 years but was a good friend to all who knew him. I don't believe there was ever a stranger to this man. Our deepest condolences go to his family at this time of need. Glen will surely be missed.

Glen RIP and ride that Harley in heaven.

*May They Rest In Peace.*

**Tim McCue**, July 10, 2014, was a sad day for the BTW-DFW chapter as we buried one of our own, Tim McCue. He was a very good man, and is missed already. His Harley trike was brought into the funeral home, very classy, and his leather cut off was hung so his patch showed with pride, just as he wore it. It was a nice service, and as a veteran of the United States Air Force and the Army Reserves, the Air Force Honor Guard performed a ceremony that included the folding and presenting of the American flag to his wife Mary, and the playing of Taps. He was a husband, a father, a member of the American Legion Riders, and Brothers of the Third Wheel, who will be missed by many and all who knew him. We all know Tim is riding in heaven, so ride the skies my brother. Chaplin Grunt

**Paul GPZ Salmon** of BTW UK. A final farewell

**Dale Kilwien** June 4<sup>th</sup>, 2014 was a day our fellow friend and Triker had his final ride. St. Joseph's Church was overflowing with acquaintances representing the many organizations. Dale Kilwien was involved with BTW throughout his many years in Dickinson ND. It was certainly an honor bestowed upon the North Dakota Trikers to lead the procession to his final resting place. Fifteen trikes were in the procession with Lance Kilwien, his son, in the lead riding Dale's green trike.
