### **BACK COVER:**

*Do you think it will really fly*

# From your BTW Headquarters

To All Members, I would like to say thank you to all the well wishers, during my mishap. The stupidity stops at the top and i am it. I had a jug of muratic acid fall of the shelf and I cleaned it up, and the brown mess it left all over my tools in the garage, never thinking what it might be doing to my lungs and larynx, but after getting bronchitis and landing in bed unable to breath I finally got it, DAH. Well it is finally starting to heal and I am back at it. Sorry for the delay of this issue of the magazine, but as I stated, I plead stupidity. On with the important business. The New Membership programs look like they have worked well and are just starting to show their benefits. There are many increases in operating costs coming the first of the year, the one that effects us the most is the 27% increase in mail & shipping costs, not to mention several others such as the postage meter lease renewal. The board has agreed to spearhead a New member program for 2016 which will aid all States and Chapters and should produce a substantial membership growth. We are implementing a plan that has been used by several States and has already produced great growth in their membership counts. I hope all members will get involved in the program and help to increase our numbers of members who ride their trikes, as this is what BTW is all about. We have some great events coming in 2016, one of which is our BTW National Trike-In in Deadwood SD, where they estimate we should have at least 1200 trikes in attendance and a great event is planned. We also have several Regional trike-Ins this year and I hope to attend them all, and meet up with all the members. We have made some changes at

Headquarters in an attempt to prevent delays in the operation. Becky Brown has been appointed to the position of General Manager of BTW, which will allow her to be able to access all records and accounts in the event I have another blonde moment and will enable a more contiguous operation. The whole operation cannot be handled by one person but the move will help. I am taking the week between Christmas and New Years off and plan on hiding out and not talking in hopes that the voice will come back completely and the lungs will also heal up. Lynne, myself and Becky would like to wish all a Happy New Year and a wonderful riding season in 2016. Ride safe and enjoy Triking

BECKY BROWN has been appointed to the new position of General Manager of BTW

### BTW BOD Elections 2015

BTW is split into 10 Regions; 9 of these regions are in the USA and Canada and the final one covers all areas outside of the USA & Canada. Each Region has a Regional Director. The Regional Directors serve as the Board of Directors. The Board makes decisions regarding the running of BTW, with each Regional Director being elected for a three-year term by the Directors in their Regions. If your Regional Director is not participating in the Board Meetings or being in touch with the Directors in their region, it is up to the membership to request them to step down. The Regions are set out on the Contact page on the forum and in every Triker. For more info, contact Headquarters.

This year it was the turn of Regions 1, 4, 7 and 10 to vote on the person to represent them on the BTW Board of Directors for the next 3 years.

The previous representatives were

Region 1, - Kathryn Henry,

Region 4, - Jim Lee

Region 7 VACANT - looking for a Regional Director

Region 10 - Shaun and Jackie Lloyd

The nomination period for these posts has now ended and, as there were NO nominations for any of these regions, the previous representatives will remain in their post for the next three years.

As you will see REGION 7 is still awaiting a representative so if you are a fully paid up member in Region 7 (DE, MD, NJ, PA, VA, WV) Please get in touch with HQ and discuss the post and the possibility of you taking this on.

Shaun & Jackie Lloyd (HT & Mrs HT), BTW B.O.D. Election Committee.

I bought an " Old School " trike, built in the late 80 's by a Citroen fan . It has a 1300ccm air cooled Citroen GS engine with 70bhp . It has also hydraulic air suspension from Citroen . An unusual thing is that it is registered as a car with seat belt which means you don't have to wear helmet. Is now on jack stands for complete renovation . Sverige

### Honda Neowing unveiled at Tokyo Motor Show

LOS ANGELES TIMES

Is Honda joining Harley-Davidson, Polaris, T-Rex and Can-Am in the tricycle market?

Maybe so. The Japanese giant, by some measures the world's largest motorcycle company, will be showing off a three-wheeled motorcycle at the Tokyo Motor Show, as part of an exhibit that will include several other two- and four-wheeled concept vehicles.

The Neowing, which Honda says "offers the cornering feel and sporty ride equivalent to a large-size motorcycle while realizing excellent stability," will be powered by a hybrid combination of a 4-cylinder gasoline engine and a second electric motor.

## ATTACK OF THE THREE WHEEL MOTORCYCLES

### Honda and Yamaha tease trike concepts at the Tokyo Motor Show

The one thing everyone knows about motorcycles is that they have two wheels, right? Not always. Weird three-wheeled contraptions like the [Can-Am Spyder](#) and the [Polaris Slingshot](#) are increasingly common sights on the road, and it apparently occurred to [Yamaha](#) and [Honda](#) that they are leaving some money on the table here.

That's why the [Tokyo Motor Show](#) saw the debut of the **Yamaha MWT-9** and Honda Neowing. Yamaha offered no explanation for its alphanumeric designation of the *Alien*-like trike, with its menacing visage and the seeming burly arms of its quartet of fork tubes. The Japanese bike builder says the MWT-9 tells of "a new horizon of riding enjoyment to come." Or maybe it just implies that you can't fall down when you hit that patch of wet leaves on your scenic foliage ride. Speaking of implications, Yamaha is mum on technical details, but the "-9" in its designation hints that the bike is powered by a 900cc engine, like the two-wheeled FZ-9.

**Honda's Neowing's** name is a reference to the company's Goldwing touring bike. The Neowing's third wheel eliminates the fear of righting a mammoth Goldwing after a parking lot tip-over. While the Goldwing is powered by a horizontally-opposed six-cylinder engine, the Neowing returns to the Goldwing's roots with a four-cylinder internal combustion engine.

But in keeping with the "neo" portion of its name, the concept bike backs that smaller powerplant with a hybrid-electric motor for power when it is needed, and efficiency when it isn't.

Neither manufacturer announced plans to sell either trike, but considering the rising popularity of three wheelers, both are likely showroom candidates in the next year or so.

## Dean & Lois Yates Antelope Valley BTW Trikers 2015 Road Trip Results

Jan and Richard joined us on a Harley trike they came from Texas. They hit pouring down rain and hail on the way to Flagstaff. We arrived in Flagstaff at 4:30, met Jan and Richard at the Cracker Barrel Restaurant at 6; 30. Hit it off right away, really nice people. Next day up at 6, leave at 7, headed to Bryce Canyon. Thru Kanab Stopped at Thunderbird for lunch. Went thru Bryce, stopped for the beautiful sites of the canyon.

Then headed to Escalante and our motel Circle D. Didn't look like much from the outside, but the rooms were nice. Dinner at the Café, pricy and not very good. Saturday headed to Moab, beautiful scenery, went thru several National Parks. When we arrived at Moab we went thru the Arches Natl Park, more beautiful scenery. We stopped at Red Stone motel. If we were to rate it would be a 2.

We decided to go to the Sleep Inn Motel, very nice. Moab was very crowded. Don't know why. Next day headed toward Durango, thru the mountains, great scenery. Stopped in Ridgeway for breakfast. Went thru Ouray and on to Silverton. The museum was already closed for the season. Grumpys was

closed also. They said they are only open for the trains. On to Durango, more beautiful scenery. Changed motels from Indian Trails to Comfort Inn. Went out to dinner to Applebee's, the Mexican Restaurant we had planned on went out of business after over 50 years Of being in business. Next day went to Mesa Verde Natl Park, saw the Indian cliff dwellings and the houses they lived in. Very interesting.

Went to the Jewelry store, not as inexpensive as they used to be. After that Jan and Richard headed back to Durango, and home. We went to Cortez, had dinner at Mexican Restaurant Indian lady was selling jewelry I bought earrings and a necklace. We took 208 pictures, went thru the most beautiful scenery in the country. We headed home the next day; the weather was beautiful for the entire trip.

We missed the rain coming home, Hit a little between Kingman and Barstow We learned some things on this ride. If we do one again we would limit to six trikes. Discovered motel rates

change. Motel 8 in Flagstaff quoted \$71, When we arrived they upped it to \$101. They said it was because it was the weekend. We had made the reservations three months in advance. They didn't even have our friends from Texas in their system.

**Note ; Can't wait for Road Trip 2 , next year  
Planning Coastal trip to Canada and across Canada  
and down to Yellowstone.**
