## From your BTW Headquarters

Hello again everyone. Well we are finally starting to see some better weather and many of our members are starting to clean up the trikes and get them back on the road.

We have attended several events already and plan to get to more in the near future, however please do not feel slighted if we don't make it to your event. It's just that with the office and the magazine schedule, it gets tough working in all the events we would like to attend, and even when we do schedule to go, something happens around here and the plans go out the window. If I had my way we would attend all events and forget about getting things done here, but I am sure we would hear from the members real fast. Just kidding! We did not get any great ride pictures from you for this issue but we hope your just thinking about the best ones to send us for the next issue along with MORE photos of your rides and events. The magazine is only as good as the material you all send us.

Members seem to like many of the new items in the catalog and we are planning more in the future, so stay tuned.

We attended the Western Regional and had a

blast, make that two if we include the wind. Due to issues here we missed the NV Trike-In, sorry we could not get there. We are off to CA next week for their State event and then who knows. We hope to see all our old friends and meet new ones in the months ahead. Ride safe and enjoy triking.

**The Front Cover: A ride during the Nevada State Trike In. Nice to see the trikes back on the road after a long winter.**

**NOTICE: The Financial Statement for 2017 is completed and posted to the Web Site**

As your local air ambulance, serving area residents from our surrounding bases, Air Evac Lifeteam understands the critical aspect of time in treating medical emergencies. For those of us living in rural America, our recovery can depend on how much time it takes to be transported to emergency medical treatment. Air Evac Lifeteam can cut that transportation time *in half*.

In the event you are flown by Air Evac Lifeteam for a life or limb-threatening emergency, we will work with your benefits provider to secure payment for your flight. Whatever your benefits provider pays will be considered payment in full. Even with medical insurance, an air medical transport can leave you with unexpected out-of-pocket expenses, burdening your finances & family. As an Air Evac Lifeteam member you will have no out-of-pocket expenses related to your flight if you are flown by Air Evac Lifeteam or any AirMedCare Network participating provider.

Air Evac Lifeteam is a member of the AirMedCare Network, the largest Air Ambulance Membership Network in the United States. An AirMedCare Network membership automatically enrolls you in all provider membership programs, (Air Evac Lifeteam, Guardian Flight, Med-Trans Air Medical Transport, and REACH Air Medical Services) giving you membership coverage in over 320 locations across 38 states. All AirMedCare Network service providers work cooperatively to provide the highest levels of care for you, your family, and your community.

Join today and you can receive membership in the AirMedCare Network at the same low price as the individual membership programs, giving you membership across 4 leading air ambulance operators for the price of 1! Completed enrollment forms may be mailed to: **AirMedCare Network P.O. Box 948, West Plains, MO 65775**. If you have any additional questions please do not hesitate to contact me.

Air Evac Lifeteam cares about you and your loved ones. Our mission is to make it possible for people living in rural areas to get the life-saving emergency care they need, when they need it. ### AMCN Membership Terms and Conditions

AirMedCare Network is an alliance of affiliated air ambulance providers\* (each a "Company"). An AirMedCare Network membership automatically enrolls you as a member in each Company's membership program. Membership ensures the patient will have no out-of-pocket flight expenses if flown by a Company by providing prepaid protection against a Company's air ambulance costs that are not covered by a member's insurance or other benefits or third party responsibility, subject to the following terms and conditions:

- Patient transport will be to the closest appropriate medical facility for medical conditions that are deemed by AMCN Provider attending medical professionals to be life- or limb-threatening, or that could lead to permanent disability, and which require emergency air ambulance transport. A patient's medical condition, not membership status, will dictate whether or not air transportation is appropriate and required. Under all circumstances, an AMCN Provider retains the sole right and responsibility to determine whether or not a patient is flown.
- AMCN Provider air ambulance services may not be available when requested due to factors beyond its control, such as use of the appropriate aircraft by another patient or other circumstances governed by operational requirements or restrictions including, but not limited to, equipment manufacturer limitations, governmental

regulations, maintenance requirements, patient condition, age or size, or weather conditions. FAA restrictions prohibit most AMCN Provider aircraft from flying in inclement weather conditions. The primary determinant of whether to accept a flight is always the safety of the patient and medical flight crews. Emergent ground ambulance transport of a member by an AMCN Provider will be covered under the same terms and conditions.

- Members who have insurance or other benefits, or third party responsibility claims, that cover the cost of ambulance services are financially liable for the cost of AMCN Provider services up to the limit of any such available coverage. In return for payment of the membership fee, the AMCN Provider will consider its air ambulance costs that are not covered by any insurance, benefits or third party responsibility available to the member to have been fully prepaid. The AMCN Provider reserves the right to bill directly any appropriate insurance, benefits provider or third party for services rendered, and members authorize their insurers, benefits providers and responsible third parties to pay any covered amounts directly to the AMCN Provider. Members agree to remit to the AMCN Provider any payment received from insurance or benefit providers or any third party for air medical services provided by the AMCN Provider, not to exceed regular charges. Neither the Company nor AirMedCare

Network is an insurance company. Membership is not an insurance policy and cannot be considered as a secondary insurance coverage or a supplement to any insurance coverage. **Neither the Company nor AirMedCare Network will be responsible for payment for services provided by another ambulance service.**

- Membership starts 15 days after the Company receives a complete application with full payment; however, the waiting period will be waived for unforeseen events occurring during such time. Members must be natural persons. Memberships are non-refundable and non-transferable.
  - Some state laws prohibit Medicaid beneficiaries from being offered membership or being accepted into membership programs. By applying, members certify to the Company that they are not Medicaid beneficiaries.
  - These terms and conditions supersede all previous terms and conditions between a member and the Company or AirMedCare Network, including any other writings, or verbal representations, relating to the terms and conditions of membership.
- \*Air Evac EMS, Inc. / Guardian Flight, LLC / Med-Trans Corporation / REACH Air Medical Services, LLC -- These terms and conditions apply to all AirMedCare Network participating provider membership programs, regardless of which participating provider transports you.

# FROM THE MEMBERS

**The Open Prairie Trikers' Chapter of BTW**, out of Wichita, KS, has already had an eventful year, and it has just begun! The chapter's January meeting was held at Spear's Restaurant in Wichita, and plans for the year were discussed while chapter members enjoyed their delicious food. In February, then, the chapter entered the Valentine's Day Chili Cookoff at Twister City Harley Davidson dealership in Park City, KS. Director Larry Lee made the chili, about 5 gallons, and it was quite tasty, with a little kick. The table was set up with lots of condiments, as well as information about BTW and Open Prairie Trikers, and application forms & magazines. Although many folks sampling the chili said ours was really good, alas, we did not win the prizes. People's Choice went to the local Bikers Against Child Abuse chapter, and the Judges' Choice, done blindly, was presented to the local Harley Owners Group chapter. Larry and two other members, Bob and Carol Schmitz manned the booth, while most of the other OPT Chapter members left to attend the funeral of Past Director Jerry Dunn, who had passed away a week before.

Open Prairie Trikers attended the State BTW meeting at Beto Junction, KS, on Saturday, March 2, and then will be forming up to ride in the big St Patrick's Day parade in Wichita on March 16. Members are looking forward to entering the Bike Show as part of the Tulip Festival at Belle Plain, KS on April 13, raising money for Kansas Honor Flight program. It looks like a busy year already for our chapter, but we are excited to have so many activities locally in KS to participate in.

## **Southern Arizona Smokin' Eagles**

Cold spring, hot spring and now cold spring! I remember when we used to bundle up and deliver toys or food supplies on our Trikes in the freezing cold. Now it seems as though it gets below fifty we stay in with the furnace running. LOL We all do what we can and have fun doing it while we ride. Our chapter has had replacement knee surgeries and ankle rebuild and numerous cold's and flu's, This Month's meeting will be an Easter brunch pot luck and Rick Hackney will be riding in with his new build. We, of course, will be formulating and implementing some of our plans for this coming November's Turkey Fest which will include some fundraising, when it gets warmer. Looking forward to seeing everyone and making new friends. See ya'll later! Erik, Southern Arizona Smokin' Eagles

## Angels On The Road

BY Marilyn J. Flanscha Bignell

### FINAL CHAPTER

#### Chapter 10

I bet, when reading Angel's On the Road, you were thinking this can't possibly be true. It's true! Angel's On the Road, is a testimony, to the power of our guardian angel's walking with us every day. What do you want to bet, the angels on that trip were bikers? And I bet they had as much fun going down Wolf Creek Pass as I did.

Guardian Angels have been a constant all my life. Once when riding my horse, Moke, the angels saved me from a terrible accident where we could have been killed. I was riding down a side road, across from our house. We had to cross County Road S to get home. Moke wasn't one to expend energy going from home, but the second you started home it was full steam ahead, no slowing down. We had turned for home when Moke took off! Coming up on S, I glanced both ways to see if there was traffic. As I looked left I saw a car which would put us on a collision course with us arriving at the intersection. I couldn't stop him or even slow him down. I closed my eyes, hung on waiting to be killed. Suddenly, we were on the lawn with Moke munching grass. My heart beating triple time I looked for the car, but it was nowhere in sight. Yes, there was a car! Where it went I have no idea! Was it the angels? I believe it was.

As with any family, there are times when there needs to be a clearing of the air, so to speak. I have five siblings, three sister and two brothers. There can be a lot of misunderstandings! I am not sure now, why we had called a family meeting at the Lutheran Church in Hatchville. Obviously there was a reason, I just can't remember what it was. I do remember it became very heated, tempers flared and voices raised; and, like every other time nothing was solved. The meeting broke up with everyone going in opposite directions. Since Geneva, Linda and I are from Southern Wisconsin, we drove up together. The three of us were devastated that we were parting on such a sad frustrating note. We felt we had to at least talk with our sister Charlotte before starting home. We called her several times with no answer. We drove around to kill some time and kept calling her. As it was getting late in the afternoon and we still hadn't reached Charlotte, we decided it was time to start back home. In Durand we stopped for gas and water. We pulled into the gas station and were getting out of the car when the phone rang. It was Charlotte. I said, "Hi, glad you called." She said, "I didn't call, you called me." I said, "I didn't call. I did call several times earlier. There was a moment of silence as we digested what had just happened. I had not left a message when I called and she didn't have my number. We have had experience with guardian angels before, so we knew what had happened. The angels knew we wanted to talk with Charlotte, so they made the call. Our phones rang at exactly the same time. Isn't that cool? Though we didn't solve any

problems, we did have time to clear the air and part on loving terms.

This next story gives me the chills just thinking about it. A year ago, my son Pat and his daughter Beth and myself, were traveling up to Northern Wisconsin for a wedding. We had passed Eau Claire traveling on Interstate 94. Traffic was moving steady. We were making good progress and had given our selves plenty of time, so we didn't have to hurry. It isn't often the three of us could get together for a trip and we intended to enjoy ourselves. Pat was up front with me, Beth in the backseat. I was in the right lane with the cruise on. All of a sudden the semi to my left signaled and started to pull over in front of me. I hit the brake and signaled to move into the left lane. I no sooner got in the left lane when I saw a porch swing with canopy setting two car lengths ahead. I slammed on the brake and stopped just as I ticked the swing. Would you believe there was only one car behind me and she was able to stop, putting nothing more than a dent in my license plate? There we were at a dead stop on Interstate 94! We are going to get hit, I thought! We jumped out of our cars, checking to see if everyone was all right. Pat getting out on the passenger side started to direct traffic away from the two cars. He was standing between our car and the yellow line, leaning out toward the oncoming traffic. My heart was in my throat fearing he would be hit and Beth would witness her dad being killed.

I looked back to see how many cars were coming up on us. What I saw, could only have been orchestrated by a host of angels. A half mile back was a curve in the road and a cement barrier in the medium that obstructed the cars from seeing us stopped in the road. As the cars came around the curve, every one of them, and I would say twenty cars, moved into the right lane as smoothly as if there wasn't a left lane. Did I actually see, or did I visualize angels standing wing to wing directing the cars? What else could it have been? And then, out of nowhere came a motorcycle barreling down on us. We all stood frozen to the spot! There was no place to go with the medium at our backs. How could he NOT hit us? Time literally stood still as we watched him come closer and closer! Doesn't he see us?! At the last split second, like in a movie, he swerved missing us and Pat by a fraction. And then, he was gone! In fact there was no traffic at all. Complete silence! The three of us swung into action picking up the swing throwing it into the ditch. Running back to our cars, we yelled good bye to the lady and were back on the road. All of this took just seconds! Second in which four people and countless others could have been killed. Except for our angels, it would have been the morning headlines. As we headed down the road, none of us spoke. We were still in shock! Then Pat said, "mom relax your hands." I was gripping the steering wheel so tight my knuckles were white.

Could it have been anything less than a miracle? Surely not! I have often wondered what went through the minds of those drivers once they saw us setting in the road. Did they have any idea why, as one, they all moved to the right lane? As I write this, I give thanks to God and our guardian angels for the miracle of life.

Writing Angel's on the Road, was reliving the trip like it was yesterday. Colorado

Springs, Clint Wells, Kalen, Durango as vivid as if I was there again; And coming down Wolf Creek Pass with the Wild Woman screaming, “ If I can do this, I can do anything!” I think often of the old lady that was brave enough to ride on a trike, with a woman she had never met. When I think about it, she didn’t even think twice about me being a woman riding a trike. How awesome is that! Wonder if that ride changed anything in her life? Does she even think about the woman and her trike?

I am sorry to say, I haven’t done anything as carefree or spontaneous since that trip. Life has a way of getting in the way. It was a wonderful adventure that comes to few, and I am grateful. But, the Wild Woman came back with me and is alive and well. She gives me courage when I am down, helps me when I need to make a decision. She has taught me to laugh at myself, like the time I dyed my hair and it was a couple shades “redder” than expected. When I looked in the mirror, the wild woman had a gleam in her eyes saying, “High Five Girl, Nice Job!” So, if your favorite pair of pants make your butt look big, so what? After all, it’s all about you.

I hope you learn to dance with the wild woman. Sing her song and learn from her wisdom and live free. Something I have learned lately is that a man worth his salt wants a woman who knows herself and isn’t afraid to live accordingly. So run with the wind, live free, and play life for all it’s worth.

**A Wild Woman is ...**

**A wild woman is the barometer inside a woman that knows who she is and is willing to live accordingly.**

**A wild woman knows her job and does it. If a child needs discipline, she does it with balance, fairness and always with love.**

**A wild woman demands respect and respects others.**

**A wild woman can have her heart broken and still love those who have hurt her.**

**ON THE OTHER HAND**

**A wild woman can put up with a lot, but be aware self- preservation is a must if she is to survive in the long run.**

**ON THE LIGHTER SIDE**

**A wild woman can laugh at herself, needs other women to laugh and talk with, be crazy with.**

**A wild woman is kindness and love. She seeks knowledge, wisdom, and understanding. She is from an ancient culture that nurtures and hold her world in love.**

**A wild woman is the balance and stability for those around her.**

**YOU are the Wild woman.**

**Crinkle, Stars, and Mark singing the Crinkle song**

The Crinkle Song  
(Sung to the Bennie Hill tune 'Ernie, and he drove the fastest milk float in the west)  
You could hear his engine pound as he rode across the ground  
The clatter of his gears as he rummaged around  
He rode into Newport high street, his colours on his chest  
**His name was Crinkle and he rode the noisiest Trike in the west**  
Now Crinkle loved a triker, a lady known as Bev, she lived all alone in Newport Pagnell, so she said

They said she was too good for him, she was fiery, proud, and meek  
But Crinkle got his sausage rolls there 3 times every week  
**(They called him Crinkle, Crinkle and he rode the noisiest trike in the west)**  
Bev said she would like to bath in oil, Crink said alright sweetheart,  
When he finished work one night, he loaded up his trike.  
Do you want 5-30 oil, as 5-30 is the best  
Bev said Crink, I'd be happy if it comes up to my chest  
That tickled old Crink

## News from Around the World on Trikes UK

**(Crinkle and he rode the noisiest trike in the west)**

Now Crinkle had a rival, a stupid looking man,  
He rides a motorcycle and is known as Bananaman  
He tempted Bev with his banoffee pie  
And pillion on his bike,  
And when she saw the size of him handle bars,  
It near gave her a fright,  
She nearly swooned at his engine size,  
And he said if you clean my bike  
You'll have pillion in the morning and banana's every  
night.

Poor Crinkle,

**(Crinkle and he rode the noisiest trike in the west)**

One lunchtime Crink saw his bike outside Bev's door, it  
drove him mad to see it still there at half past 4.  
As he leapt off his trike, in his throat a big lump, he went  
over to Bananaman's bike and kicked it in the sump.  
His name was Crinkle,

**(Crinkle and he rode the noisiest trike in the west)**

Now Bananaman rushed into the street, his banana in his  
hand,  
He said if you wanna date Bev,  
You'll have to fight for her like a man.  
Oh why don't we swap colours for her, he sneeringly  
replied,  
And just to make it interesting we'll wear back patches on  
the side.

Now Crinkle dragged him over his bike and threw him by his  
trike,

They stood there face to face and Crink went for his keys,  
But Bananaman was too quick, things didn't go the way  
Crink planned,

And a banana sent them spinning out of Crinkles hand.

Now Bev ran between them and tried to keep them apart,

And Bananaman pushed her aside,

The keys from Crink caught him underneath his heart,

As he looked up in pained surprise as the concrete hardened  
crust of a stale sausage roll caught him the eye and Banana-  
man bit the dust

Poor Bananaman

**(Bananaman he had the biggest banana's in the west)**

Bananaman was only 25, he didn't wanna die, now he's gone  
to grow bananas in that big field in the sky, where everyone's  
a biker and police officers are banned.

Will ride with all our sisters and brothers in that far away  
land.

But Bev's needs are many fold and soon she dated Crink.

Strange things happened on their first date, as he chained her  
to the sink.

Was that a bike they could hear, or a Reliant Trike

Or Bananaman riding around very late at night

They won't forget Bananaman

**(Bananaman he had the biggest banana's in the west)**

BTW area 18 have been up to quite a lot in the past couple of months, mothering sunday we caused chaos at a residents home in Cambridge, taking residents out for a ride on our trikes, we had cambs friendly bikers doing the marshalling, and the local scooter club came to ride with us, they had made cakes for us, and we all had an absolute ball, our road captain Budgie led all the trikes in. We had 7 trikes in total.

Friday 12th April we had members of Area 18, Area 4, Area 2 take part in Rolling Thunder for soldier F. It is hard to put into words the feeling of being part of something so huge and emotional to support our veterans. We caused mayhem in London, as there was in excess of 7000 bikes and trikes taking part. Area 18, 4 & 2 led over 1000 bikes and trikes from south Mimms into London, everywhere we went passersby were waving and cheering at us. We even went to Buckingham Palace! It was very emotional, all the Veterans lining the pavements on Westminster Bridge and Parliament Square and you can't go to London without going to The Ace Cafe for tea. Love to all of our brothers and sisters worldwide, ride free on 3! Cookie and Area 18

## TIPS ON PHOTOS FOR THE MAGAZINE

IF YOU TAKE PHOTOS WITH YOUR PHONE AND IT IS SET AT 72 PIXELS IT IS THE LOWEST QUALITY OF PICTURE THAT THE PHONE PRODUCES. MOST PHONES CAN BE SET TO A GREATER PIXEL OUTPUT.

EACH PHONE SETTING IS DIFFERENT, HOWEVER YOUR SERVICE PROVIDER CAN HELP WITH HOW THAT IS DONE. A SETTING OF 150 PIXELS IS GOOD AND 200 PIXELS WILL GIVE YOU A BEAUTIFUL PHOTO, THAT WILL NOT BE GRAINY AND THE COLORS WILL BE TRUE AND SHARP. PHOTOS THAT WE RECEIVE AT HQ IN 72 PIXELS ARE RUN THROUGH A PROGRAM TO CLEAN THEM UP BUT NOT MUCH HAPPENS AS THE BASE IS SO LOW THAT THE PROGRAM CAN ONLY LIGHTEN OR DARKEN THEM. THIS IS JUST A TIP SO WE CAN POST BETTER PICTURES IN THE MAGAZINE TO MAKE YOUR TRIKE LOOK ITS BEST AND OF COURSE YOU AS WELL. HOWEVER IN MY CASE IT WOULD TAKE MORE THAN MORE PIXELS TO MAKE ME LOOK GOOD

## **BTW BOD Elections**

BTW is split into 10 Regions; 9 of these regions are in the USA and Canada and the final one covers all areas outside of the USA & Canada. Each Region has a Regional Director. The Regional Directors serve as the Board of Directors. The Board makes decisions regarding the running of BTW, with each Regional Director being elected for a three-year term by the Directors in their Regions. If your Regional Director is not participating in the Board Meetings or being in touch with the Directors in their region, it is up to the membership to request them to step down. The Regions are set out on the Contact page on the forum and in every Triker. For more info, contact Headquarters.

If it is your Region's turn to vote for your Director, have your Chapter or State Director contact HQ and get the documentation for the election.

The nomination period for these posts ends May 1st, and any names submitted will be added to the list of nominees for the regions, if no names are submitted for the position, the previous representatives will remain in their post for the next three years.

As you will see we have REGIONS still needing a Director, so if you are a fully paid up member in Region 6, 7 or 8 and would like to step up and represent the members in your area, please get in touch with HQ and discuss the post and the possibility of you taking this on.
